

SciPy2017

Scientific Computing with Python
Austin, Texas • July 10-16

What is the SciPy2017 Conference?

As a community, SciPy (Scientific Python) advances scientific and analytic computing through the development and promotion of open source Python software; Python usage continues to grow significantly in scientific and analytic computing thanks to the efforts of this community.

The annual SciPy Conference brings together industry, government, and academic users to present their latest work, learn from skilled users and developers, and collaborate on advancing the ecosystem. In 2016, the conference had over 650 attendees from over 25 countries; we anticipate over 700 attendees at the July 10-16, 2016 event in Austin, Texas. The conference includes:

2 days of Tutorials

The conference begins with two days of expert-led tutorials. These tutorials are very popular, with an introductory track for attendees new to Python, and intermediate and advanced tracks for experienced users.

3 days of Talks, Birds of Feather Sessions, Poster Sessions and Mini-symposia

Over 100 speakers and authors share their juried presentations and poster papers covering the latest developments in the use of Python in science during the three main days of the conference. Birds-of-a-Feather sessions, Mini-symposia presentations, Lightning talks and Keynote presentations provide a wide variety of opportunities for attendees to participate and learn.

2 days of Sprints

Two days of sprints wrap up the SciPy Conference and provide an opportunity for collaborative coding and problem-solving on SciPy open-source projects. Last year's sprints contributed real, significant progress for many packages and tools.

Sponsorship Contact: Jill Cowan, (512) 536-1057, jillc@enthought.com

Why Sponsor the SciPy 2017 Conference?

- **Build awareness, recruit, and make contacts:**

Last year, the **SciPy Job Fair and sponsor tables** were an overwhelming success and we will be bringing them back again. Sponsors who choose to participate in the job fair will have a chance to meet with attendees and discuss opportunities and potential fit. SciPy brings together some of the best minds in scientific and analytic computing; you'll be hard-pressed to find this kind of audience anywhere else.

- **Unparalleled access to attendees:**

Our job fair and sponsorship tables are positioned in the heart of the conference. The tables rim the opening night reception area and remain up in the break area through the three days of the conference.

How Will My Sponsorship Help the SciPy Community?

Contribute to the growth of the SciPy community and code base:

Your sponsorship helps us build a financial foundation for the conference and the community, providing more opportunities for the community to build out the Python scientific computing tools and packages.

Help fund attendance:

SciPy offers scholarships for students and researchers who contribute to the community. In 2016 we were able to pay the travel, registration, and lodging costs for 17 applicants, including 5 diversity aid recipients, selected for their outstanding contributions to open source scientific Python projects. In the last 10 years over 100 students have attended from countries around the world. Sponsorships also help us to keep this meeting very affordable compared to many others.

"It's the one place where all of the core scientific python developers converge every year. It's a great place to meet scientists using these tools."

-SciPy 2016 attendee

The technical talks were excellent, as were the lightning talks. The welcoming atmosphere was awesome."

-SciPy 2016 attendee

2016 Sponsor Participation

At SciPy 2016, sponsorships increased over 2015 thanks to the generosity of **The Gordon and Betty Moore Foundation, HDF Group, The DE Shaw Group, NumFocus, Quantlab Financial, Jet Brains, Clover Health, Amazon, Capital One, Kitware, Intel, Jump Trading, Continuum, Microsoft, Kitware, Python Software Foundation, Mu Sigma, AOL, Descartes Labs, USGS, Recursion Pharmaceuticals, AutoDesk** and our institutional sponsor, [Enthought](#). Media and Community sponsors included **O'Reilly, Pyladies, Women Who Code, Programando Ciencia,** and **PyDelhi**. SciPy also is grateful for the continued support of Los Alamos National Laboratory.

2017 General Sponsorship Packages

Sponsorship Contact: Jill Cowan, 512-536-1057, jillc@enthought.com or scipy-organizers@scipy.org

Platinum (three available) \$12,000

Benefits:

- Platinum Sponsor link with logo on SciPy 2017 website
- 12' x 2' banner (sponsor provided) in main session auditorium
- Listed as the sponsor of outstanding student SciPy contributors
- Large logo on t-shirt provided to all attendees
- Listed as Platinum Sponsor on 4' x 8' Sponsor Banner at main entrance
- **Sponsor Table** in the reception area during the Conference General Sessions
- Table in **SciPy Job Fair** and promotion of jobs to attendee list
- Listing on the **SciPy 2017 Jobs page**
- Attendance at Sponsor and Financial Aid Recipient breakfast
- Opportunity to host Thursday evening happy hour offsite
- 1/2 page advertisement in program
- 4 General Session Passes

Gold \$6,000

Benefits:

- Gold Sponsor link with logo on SciPy 2017 website
- Medium logo on t-shirt provided to all attendees
- Listed as Gold Sponsor on 4' x 8' Sponsor Banner at main entrance
- **Sponsor Table** in the reception area during the Conference General Sessions
- Table in **SciPy Job Fair** and promotion of jobs to attendee list
- Listing on the **SciPy 2017 Jobs page**
- Listed (with sign) as sponsor of one am or pm refreshment break in general session
- Attendance at Sponsor and Financial Aid Recipient breakfast
- Opportunity to host Thursday evening happy hour offsite
- 1/4 page advertisement in program
- 3 General Session Passes

Silver \$2,000

Benefits:

- Silver Sponsor link with logo on SciPy 2017 website
- Small logo on t-shirt provided to all attendees
- Listed as Silver Sponsor on 4' x 8' Sponsor Banner at main entrance
- Attendance at Sponsor and Financial Aid Recipient breakfast
- 1/8 page advertisement in program
- 2 General Session Passes

Media and Community Sponsors co-promotion

Promotion opportunities: logo on website, social media promotion, mention in e-newsletter to 50K+ list.

Additional Opportunities:

\$10,000 Sponsor a general session lunch (includes most Gold level benefits)

\$5,000 Sponsor Saturday evening Sprint dinner/happy hour (includes most Gold level benefits)

\$1,500 Sponsor a Saturday or Sunday Sprint (two available, listing as sponsor)
