

LUCERNE PRE/POST TOUR

Discover Lucerne and surroundings

Lucerne, the gateway to central Switzerland, sited on Lake Lucerne, is embedded within an impressive mountainous panorama. Thanks to its attractions, its souvenir and watch shops, the beautiful lakeside setting and the nearby Excursion Mountains of the Rigi, Pilatus and Stanserhorn, the town is a destination for many travel groups and individuals on their journey through central Switzerland.

Complete with gable paintings, the covered, medieval Chapel Bridge forms the center piece of Lucerne's townscape and is considered to be one of the oldest, covered wooden bridges in Europe. A further landmark of the town is the Museggmauer, a wall which, with the exception only of one of its towers, has been preserved in its original, well-fortified state.

Historic houses decorated with frescoes line the picturesque town squares as they do the 'Weinmarkt' square in the car-free old town. Lucerne is a city of town squares and churches. The Jesuit church dating from the 17th century is regarded as Switzerland's first sacral Baroque building and the twin towers of the Hofkirche form an integral part of the townscape. The figure of a dying lion which was hewn from the face of rock in remembrance of the heroic death of Swiss guards killed during an attack on the Tuileries in 1792 is one of the best-known monuments in Switzerland. And with its 112-metre-long Bourbaki panorama, Lucerne possesses one of the world's few maintained, mammoth circular paintings.
