

TUESDAY, 10 JUNE

Sessions commence at 09.30

SESSION 1 – Welcoming Remarks / Industry and Market Overview

- 09.30 Welcoming Remarks
A Zedet, EGGA President and C Ricciolino, President, Associazione Italiana Zincatura
- 09.35 The Galvanizing Industry in Italy
C Ricciolino, Associazione Italiana Zincatura (Italy)
- 09.55 Mutual Collaboration of Italian Trade Associations in the Steel Construction Sector
M Perazzi, UNICMI (Italy)
- 10.15 European Market Report
H Glinde, Industrieverband Feuerverzinken (Germany) / Chair, EGGA Marketing Committee

10.40 – 11.05: COFFEE BREAK

SESSION 2 – Working with Steel, Zinc and Paint

- 11.05 The EU-funded 'SIROCO' Project – Slip Resistant Connections in Galvanized Steel
Prof. N Stranghöner Universität Duisburg-Essen (Germany)
- 11.40 Quality Control Approaches for Duplex Coatings
C Suzanne, AFTAP/Qualisteelcoat (France)
- 12.10 Zinc Market Report
S Wilkinson, International Zinc Association

Day sponsor's announcement - Metalsider 2

12.45 – 14.00: LUNCH

SESSION 3 – Galvanized Reinforcement for Concrete

- 14.00 Solving Technical Challenges to Grow Markets for Galvanized Reinforcement for Concrete
E Michaud, Corbec Corporation (Canada)
- 14.30 Galvanized Rebar in Civil Engineering and Architecture in Brazil
Daniele Albagli and Luiza Abdala, Votorantim Metais (Brazil)
- 15.00 Marketing by Product Standardisation: Case Study on Galvanized Reinforcement and EN 124
J Sabadell, ATEG (Spain)

15.20 – 15.45: COFFEE BREAK

SESSION 4 – European Policy Update, Green Product Initiatives and Opportunities for Galvanizing

- 15.45 EU Policies and Tools on Sustainable Building – What's New and How Are We Responding?
C Leroy, Metals for Buildings Alliance (Belgium)
- 16.15 EGGA Life Cycle Inventory Project 2014
S Rossi, Life Cycle Engineering (Italy)
- 16.35 Using LCA and EPD information for Comparisons with Competing Materials
Paola Borla, Life Cycle Engineering (Italy)
- 16.45 Using LCA and C2C to Compare Galvanized Steel and Other Materials for Lighting Columns in the City of Utrecht
Gert-Jan Vroege, Search Consultancy BV (Netherlands)

17.20: CLOSE OF DAY 1

EVENING: CONFERENCE DINNER SPONSORED BY GIMECO

WEDNESDAY, 11 JUNE

Sessions commence at 09.30

SESSION 5 Technology Update

- 09.30 Corrosion Performance Comparisons with Competing Technologies – An Update
J da Silva, Galvazinc (France)
- 09.45 The AIZ Project for the Validation of an Innovative and Fast Prediction Model for the Durability of Galvanized Surface
Dr M Letizia Ruello, Università Politecnica delle Marche (Italy)
- 10.15 Is it True the Drier is Beneficial?
E Moroni, Gimeco (Italy)
- 10.35 Intergalva 2015 – Invitation to Liverpool!
UK Galvanizers Association

*10.45 – 11.10: COFFEE BREAK***SESSION 6 – Regulatory Scene**

- 11.10 The Role of the New EU Parliament in EGGA's Regulatory and Advocacy Activities
M Kokkinou-Boege, EU-MAP Consulting
- 11.40 The EU Water Framework Directive and Zinc – Next Steps and Industry Actions
F van Assche, International Zinc Association-Europe (Belgium)
- 12.10 EU Hazard Classification of Lead Metal – What it Means for Galvanizers
K Dekkers, Rezinal (Belgium) and M Cook, EGGA

Day sponsors' announcement – Giardina / Hasco-Thermic
12.45 – 14.00: LUNCH

SESSION 7 - CE Marking of Fabricated Structural Steelwork: Interactive Workshop on Implications for Galvanizers

14.00

This session will be led by presentations from M Cook (EGGA) and L Pernice (AIZ and Chairman, EGGA Technical and Research Committee). National Associations will be invited to contribute short presentations on progress and national developments.

- CE-Marking and its implementation by 1 July 2014.
- Understanding EN 1090 and its requirements.
- EGGA Guidance on LMAC.
- National approaches, scope and implementation of CE-Marking to EN 1090-1.
- Panel discussion and questions.

15.15

EGGA Activity Reports and Annual General Meeting - including inauguration of the EGGA President**Closing Remarks***15.45: CLOSE OF SESSIONS.**[VISITS TO GALVANIZING PLANTS WILL TAKE PLACE ON THURSDAY 12 JUNE]*
