Product Of The Year

Services

Avoid large CapEx costs
and go to the Cloud

"We went from \$10,000 for servers to \$69 per seat per month for Total Connect, with all the features of Lync, including voice and presence. I estimate we saved \$50,000 in one year by making the shift. For a small company like ours that's significant."

Management

Focus on your business
and not your IT

Video Conferencing On-the-Go: A Must-have for Mobile Growing Workforces

91% of adults have their mobile phone within arms reach 24/7
