ASAVA Executive Committee invites you to join us in 2015

ASAVA

ASAVA is the special interest group that focuses on small animals within the Australian Veterinary Association. Companion animal vets around Australia look to the ASAVA for services that maintain and increase their skills and knowledge. Continuing professional development in all areas of clinical veterinary medicine is a key service provided by the group. The advancement of veterinary science in relation to companion animal health and welfare is another key objective.

ASAVA initiated the formation of the Australian Companion Animal Health Foundation (ACAHF) and is active in raising funds for research into the causes and prevention of disease in companion animals.

In addition to a vast array of continuing professional development opportunities, we also provide companion animal practitioners with clinical publications and resources to help them reach and maintain the highest levels of professional practice.

We are an affiliate member of the World Small Animal Veterinary Association (WSAVA), Federation of Asian Small Animal Veterinary Associations (FASAVA) and Partners for Healthy Pets.

ASAVA recognises the contribution of individuals to the profession with a variety of awards; Small Animal Practitioner of the Year, Distinguished Scientific Contribution Award and The John Holt Award for Distinguished Service as well as offering student scholarships and prizes. These awards and scholarships are presented each year at the ASAVA annual conference in August.

Not an ASAVA member? Join now and save up to $1030.00 on your registration!

To become a member of ASAVA, you must be a member of the AVA. Become a member when you register online prior to June 30th and you can attend the ASAVA 42nd Annual Conference at the ASAVA member early bird rate with membership extended until 30 June 2016.

Contact members@ava.com.au or call 1300 137 309 to join now.

WHY IS THIS CONFERENCE IMPORTANT?

The Gold Coast is considered ‘famous for fun’ but for those who attend the ASAVA conference to be held there in August this year, it will also be famous for finding ways to deal with ‘problem patients in practice’.

This, the 42nd annual conference of the ASAVA, is all about looking at ways to deal with all those patients who present with conditions that are challenging to diagnose, treat and manage, especially those complicated cases we see in our practices.

This year we have multiple streams covering emergencies, surgery, endocrinology, imaging, neurology, oncology and cardiology.

Our speakers, just to name a few, include:

- Chris Tan from the University of Sydney who will look at surgical issues
- Graham Swinney from IDEXX, who will give an update on endocrine emergencies
- Fiona Campbell who will look at emerging issues in cardiology
- Daniel Chan from the Royal Veterinary College of London, who will investigate issues in emergency medicine
- And Mary Barton, who will discuss one of our many hot topics – antimicrobial resistance.

Yet again, the schedule of social events provides a great accompaniment to the education elements of the conference. Our breakfasts, dinners, and happy hours will offer you the opportunity to catch up with colleagues and meet and make friends, old and new.

The Party Night at Movieworld will offer you the chance to get up close and personal with some creatures you may never see in practice, a Tasmanian devil, the odd coyote, a cat with a severe lisp and even a leghorn chicken! I can’t imagine the problems they would present.

As for the other ‘fun’ you may have on the Gold Coast, well, you can always go off the beaten track. Some of the less well-known attractions include, the Currumbin Wildlife Sanctuary, the Tamborine Rainforest Skywalk, the David Fleay Wildlife Park or the Toolooa Creek Circuit.

Of course, there are all the other wonderful things the Gold Coast is known for including the beaches, the beaches and the beaches. Oh, and the odd theme park.

How can you miss this wonderful event?

I look forward to seeing you there.

Adrian Choi
ASAVA President

Unit 40, 6 Herbert Street

GETTING THERE/STAYING THERE

DESTINATION: GOLD COAST, AUSTRALIA

With more than 300 days of sunshine every year and an average temperature of 25 degrees celsius you will find the climate a source of pure energy and inspiration.

Located in the sub-tropical east coast of Australia, the Gold Coast has pristine waterways, unspoilt islands, and more than 70 kilometres of crystal white sand beaches framed by 100,000 hectares of World Heritage listed rainforest.

There are national parks, historical sites and national heritage locations and theme parks including Currumbin Wildlife Sanctuary, Seaworld, Dreamworld and Movieworld and a range of interactive sporting options.

VENUE: GOLD COAST CONVENTION AND EXHIBITION CENTRE

Centrally located in the dynamic Broadbeach precinct, the Gold Coast Convention and Exhibition Centre (GCCEC) is ideally situated within walking distance to the surf beach, 2,000 accommodation rooms and the Broadbeach restaurant and entertainment precinct. The GCCEC is a world-class venue creating cutting-edge events every time.

Address: 2684-2690 Gold Coast Highway, Broadbeach QLD 4218
Phone: +61 7 5504 4000
Visit gccec.com.au for more information.

FLIGHTS AND ACCOMMODATION

Getting to the Gold Coast couldn’t be easier, with two impressive international airports close by that service all major Australian cities, as well as effortless road access from Queensland’s capital, Brisbane. The Gold Coast Airport is just 30 minutes’ drive from the centre of Surfers Paradise and the Brisbane Domestic and International Airport is less than one hour’s drive.

There are hotels and apartments within walking distance from the GCCEC and we have specially negotiated rates for ASAVA delegates. Please visit the ‘Travel’ page at asavaconference.com.au

INDUSTRY EXHIBITION

Thanks to the continued support of our industry colleagues, we are able to bring to you an exhibition that will showcase the very latest in products and services to assist you in daily practice.

There will be plenty of time to catch up with old and new friends in a friendly, collegial environment, especially on Sunday evening with an opportunity to share your conference experiences with our first time conference delegates and participate in our industry speed exhibiting activities!

All delegates receive complimentary access to the industry exhibition in Halls 3 and 4 of the GCCEC. Make the most of the opportunity to meet and mingle with companies from across Australia in session breaks and happy hours.

This year the exhibition is open from Sunday evening until Wednesday late afternoon.

“Great conference, thoroughly enjoyed; felt it was wonderful value for money and an excellent opportunity to increase that feeling of comradery amongst our veterinary colleagues.” Eloise Deen, Mansfield Veterinary Clinic

AVA VETED POINTS
The ASAVA Annual Conference offers delegates AVA VetEd points for attendance.
AVA members must include their membership number when registering for automatic awarding of points.
Full week = 24 points, 1 day = 6 points, AVAPM Exclusive Insights Tour = 9.5 points

PROVET PLUS POINTS ACCEPTED
Please visit the conference page asavaconference.com.au for full details on how to register using your Provet Points.

CANCELLATION AND REFUND POLICY
Cancellations must be received in writing to the ASAVA office in St Leonards, Sydney by Tuesday 30 June, 2015. Cancellations received prior to 30 June 2015 will receive a full refund minus a $150 administration fee. Cancellations received from 1 July 2015 will not be refunded. Substitute delegates for the same registration category will be accepted.

AVA CONFERENCE PRIVACY ACT STATEMENT
The Australian Veterinary Association (ABN 63 008 522 852) (“AVA”) respects the privacy of individuals and acknowledges that the information that you provide on the form is ‘personal information’ as defined by the National Privacy Principles as set out in the Privacy Act 1988 (Cth) and the Privacy Amendment (Privacy Sector) Act 2000.

COLLECTION, USE AND DISCLOSURE OF YOUR PERSONAL INFORMATION
AVA may collect and use your personal information in order to (1) process your registration; (2) conduct the Conference; (3) display images taken at the Conference; (4) conduct customer evaluations and market research to improve the quality of our products and services (including the Conference); (5) communicate with you generally in relation to our services, as well as promotional and general activities; and (6) comply with our legal obligations.

You acknowledge and agree that your personal information may be disclosed for the above purposes to organisations outside AVA, including (1) service providers and sponsors engaged by the AVA from time to time; and (2) our related bodies corporate. We will also disclose your personal information to government, regulatory and law enforcement authorities and organisations, as required or authorised by law.

We may also disclose personal information where the individual consents to us doing so; consent may be written, verbal or implied from your conduct. If you would like to know more about our privacy policy and procedures or if you wish to seek access to or to request correction of any personal information we hold about you, or to opt-out at any time, please contact us at members@ava.com.au.
INTRODUCING OUR SPEAKERS

Chris Tan

Chris graduated from the University of Sydney in 2000 and spent the next 8 years working in general practice in Australia and the UK before returning to Sydney to complete his residency in small animal surgery. He is both a Fellow of the Australian College of Veterinary Scientists and a Diplomate of the European College of Veterinary Surgeons and is currently completing a PhD in tarsal bone kinematics, whilst continuing to practice and teach at the University of Sydney.

Surgery

- Orthopaedic updates
- Surgical management of the acute abdomen
- Problem wounds: advances in wound management and reconstruction

Fiona Campbell

Fiona graduated with a Bachelor of Veterinary Science from the University of Queensland in 1996 and then practised in the United Kingdom and Australia for 2 years. In 2001, she completed her PhD and was awarded Membership of the Australian College of Veterinary Scientists. In 2006, she completed her residency in cardiology at the University of California, Davis and an externship at the paediatric cardiology facility of Boston Children’s Hospital, Harvard Medical School to become a Diplomate of the American College of Veterinary Cardiac Medicine. Fiona currently works at Veterinary Specialist Services (Queensland), teaches in the School of Veterinary Science and enjoys collaborative cardiovascular research within the School of Biomedical Science.

Cardiology

- Strategies for the arrhythmic patient
- Pericardial effusion diagnosis and management
- Management of acute heart failure

Daniel Chan

Dan received his Doctor of Veterinary Medicine qualification from the School of Veterinary Medicine at Cornell University in 1998. He then completed a small animal internship at Animal Medical Center in New York City. This was followed by a dual residency in emergency and critical care and clinical nutrition at the Cummings School of Veterinary Medicine at Tufts University, after which he served as a Research Assistant Professor for two years. Dan was board certified by the American College of Veterinary Emergency and Critical Care in 2004 and by the American College of Veterinary Nutrition in 2005. He joined the faculty at the Royal Veterinary College in London in 2005 and is now Senior Lecturer and Head of Section in Emergency and Critical Care. Since 2010, Dan has also been the Editor-in-Chief of the Journal of Veterinary Emergency and Critical Care.

Emergency Medicine

- Are you ready for your next emergency: emergency preparedness
- When things go pop: dealing with urinary tract rupture
- Just what you need: another blocked cat
- Bursting at the seams: managing septic peritonitis cases
- The melting pancreas: complicated diagnosis, challenging management
- Problems down the hatch: oesophageal disease
- Dealing with toxicities: new therapeutic strategies
- Calming the storm: sirs, sepsis, mods
- Stemming the flow: dealing with coagulopathic patients
- Things that go beep: monitoring of critical patients
- Bad blood: extracorporeal blood purification
- Ventilation strategies in diseased lungs

“Great speakers - informative and practical for GP use. Relaxed and entertaining lecturing style.”

Liz Smit, Practice employee, TAS
INTRODUCING OUR SPEAKERS

Mary Barton
Mary is a retired Professor of Microbiology. She is a veterinary graduate from the University of Sydney, has a PhD from the University of Melbourne and a Diploma in Bacteriology from the University of Manchester. Prior to joining the University of South Australia she worked in government veterinary laboratories in NSW, VIC and SA. Mary was a member of the Joint Expert Technical Advisory Committee (JETACAR), the NHMRC working party on antibiotics and its successor the Expert Advisory Group on Antimicrobial Resistance (EAGAR) and is currently a member of the Australian Strategic and Technical Advisory Group on Antimicrobial Resistance (ASTAG). She is also a member of the AVA working group on antimicrobial resistance and a participant in the recent Department of Agriculture roundtables on antimicrobial resistance. She is an active researcher in the field of antimicrobial resistance in animals and in investigation of alternatives to antibiotics to prevent/treat animal diseases.

Hot Topic: Antimicrobial resistance
■ Antimicrobial resistance: an issue for all veterinarians

Georgina Child
Georgina is a graduate of the University of Sydney (1980) and completed a residency in neurology at the University of California Davis Veterinary Medical Teaching Hospital in 1985. She is a Diplomate of the American College of Veterinary Internal Medicine in Neurology. She has consulted as a specialist small animal neurologist in Sydney since 1995, currently at SASH in North Ryde and the University of Sydney Veterinary Teaching Hospital. She has regularly lectured for undergraduate veterinary students, continuing education programs for veterinary organisations, practitioner groups and is active in mentoring students, interns and residents and in consulting with veterinarians regarding case management in practice.

Neurology
■ Seizures: management of the problem patient
■ Head trauma management
■ The tetraparetic patient
■ Cerebrovascular disease: stroke
■ Acute spinal cord injury

Mark Owen
Mark is a Fellow of the Australian & New Zealand College of Veterinary Scientists and a Diplomate in Diagnostic Imaging in the European College, after completing residency training at both the Royal Veterinary College, London and at Tufts University, Boston. After many years working at Massey University, he now runs a consultancy business in Veterinary Imaging. He also works as a teleradiologist for IDEXX providing interpretations for veterinarians based in the USA, Europe and many other areas of the world. He continues to teach undergraduates in veterinary schools in Australasia. He has recently finished his term as Chief Examiner for the Australian & New Zealand College and has been a past President of AAVDI (Australasian Association of Veterinary Diagnostic Imaging). When time allows he loves to keep fit by entering Ironman triathlons and other crazy endurance events.

Imaging
■ Help: what is going on in that thoracic radiograph
■ The acute abdomen: how imaging can help me
■ Spinal disease: what imaging can and can’t tell me

“Fantastic conference - program, venue, speeches and social events were amazing - thank you!”

2014 ASAVA Conference Delegate
INTRODUCING OUR SPEAKERS

Veronika Langova
Veronika Langova graduated from the University of Vet Sciences in BRNO 1992, came to Australia in 1994 and in 2000 completed an internship at ARH Strathfield in Small animal medicine. Veronika completed a residency in Small Animal Oncology with Dr Rod Straw in Animal Cancer Care in Brisbane in 2004 and became fellow of ACVSc in 2005. In 2006-2007, she worked as associate professor in Colorado State University and has been working as a small animal oncologist at SASH in Sydney for the past six years.

Oncology
- Update on lymphoma: what is best for diagnosis and therapy

Phil Brain
Philip graduated from the University of Sydney in 1985 and after 13 years in general practice, completed a residency program in small animal medicine at the Veterinary Specialist Centre, North Ryde, NSW and gained his Fellowship in Small Animal Medicine from the Australian College of Veterinary Scientists in 2007. Previously, he has been an examiner for the Australian College of Veterinary Scientists in small animal and canine medicine and continues to be a mentor and supervisor for candidates. Philip served on ASAVA executive for 19 years including a Presidential term, two terms as Honorary Secretary and ASAVA scientific convenor for 10 years. He was recognized with an AVA Meritorious Service Award in 1999, the ASAVA Distinguished Service Award in 2005 and a special ASAVA outstanding service award in 2010. He became the first veterinarian to receive a Chartered Membership (CMAVA) of the AVA in 2004. Philip is a registered specialist in small animal medicine and is currently practicing at the Small Animal Specialist Hospital (SASH) in North Ryde, Sydney. His clinical interests include endoscopy, endocrinology and interventional techniques.

Medicine
- The coughing patient
- The hypoglycaemic patient

Graham Swinney
Graham is a graduate of the University of Sydney. He spent three years in a medicine internship at Massey University in New Zealand, before returning to Australia, spending two years in an internal medicine residency at the University of Queensland. In 1993 he returned to the University of Sydney as a registrar/senior registrar, and during this time became a Fellow of the Australia and New Zealand College of Veterinary Scientists in Canine Medicine in 1998. This was followed by nearly six years as a Clinical Assistant Professor at Washington State University, four years at the Veterinary Specialist at North Ryde and then a stint back at the University of Sydney. Currently Graham works primarily at IDEXX Laboratories in Sydney as an Internal Medicine Consultant, but also still spends a little time at the University of Sydney in clinics and teaching.

Medicine and Endocrinology
- Anaemia: aetiology, diagnosis and management part I
- Anaemia: aetiology, diagnosis and management part II
- Endocrine emergencies
- Hepatic failure: causes and management

“An excellent conference! great location! met expectations as AVA/ASAVA hold amazing conferences”
2014 ASAVA Conference Delegate
**Social Calendar 2015**

**Sunday 9 August**
First timers welcome reception  
Special welcome reception for ASAVA Conference first timers.  
Time: 4.00pm - 5.30pm  
Exhibition halls 3 and 4, Gold Coast Convention & Exhibition Centre (GCCEC)  
Free for first time conference delegates, hosted by ASAVA.

**Welcome drinks sponsored by**  
Troy Laboratories  
Time: 5.30pm - 7.00pm  
Exhibition halls 3 and 4, GCCEC  
Catch up with colleagues and our industry guests

**Monday 10 August**
Networking drinks and stand up dinner
sponsorship opportunity available
Time: 5.30pm - 7.30pm  
Exhibition halls 3 and 4, GCCEC

**Tuesday 11 August**
Networking drinks  
sponsorship opportunity available
Time: 5.30pm - 6.30pm  
Exhibition halls 3 and 4, GCCEC.

**Party Night at Movieworld**
Time: 6.45pm - 10.30pm  
Buses depart GCCEC from 6.45pm

**Wednesday 12 August**
Networking drinks  
sponsorship opportunity available
Time: 5.15pm - 6.15pm  
Ground floor foyer, GCCEC

**Thursday 13 August**
ASAVA Masquerade Ball  
Dress to impress as we honour and celebrate the highest achievers of the small animal profession. Masks are a must!  
Time: 7.00pm - late  
Hall 2, GCCEC  
Dress: Semi-formal + mask

**We dare you to come along and spend some time in “Capone’s Little Sicily”. Shady dealings, suspicious gangster types and the odd damsel in distress; not to mention some gambling (with play money of course)! Comfortable clothes recommended with your dance shoes ready!**  
Time: 6.45pm - 10.30pm  
Buses will depart GCCEC from 6.45pm.
Dress to impress as we honour and celebrate the highest achievers of the small animal profession.

Enjoy a special evening of awards, dancing and entertainment accompanied by a delicious three course meal and exquisite drinks.

We just ask this one simple task, please come wearing a mask.

**Date:** Thursday 13 August 2015

**Time:** 7pm - late

**Location:** Hall 2, Gold Coast Convention and Exhibition Centre

**Dress:** Semi-formal + Mask

[see asavaconference.com.au](http://asavaconference.com.au) for mask ideas and discounts

**Price:** Complimentary for full registrants

ASAVA member $165, AVA member $190, non-members & accompanying guests $200
CONFERENCE PRICING 2015
(ALL PRICES ARE IN AUD AND ARE INCLUSIVE OF 10% GST)

The ASAVA conference 2015 offers delegates AVA VetEd points for attendance.

Full week = 24 points, 1 day = 6 points

FULL REGISTRATION INCLUSIONS
- Attendance at all lectures Monday-Thursday
- Admittance to industry exhibition
- Copy of proceedings
- Satchel including conference materials
- Breakfast sessions, all lunches, all am/pm teas
- First timer’s welcome reception Sunday (first-time conference attendees only)
- ASAVA recent graduate dinner Sunday (recent graduates only)
- Networking drinks and stand-up dinner Monday
- Networking drinks Sunday, Tuesday and Wednesday
- ASAVA Masquerade Ball Thursday evening
- Party Night is not included.

FULL PRACTICE REGISTRATION INCLUSIONS (1 PERSON PER DAY)
- Practice registration badge (1 per practice)
- Attendance at all lectures Monday-Thursday
- Admittance to industry exhibition
- Copy of proceedings (1 per practice)
- Satchel including conference materials (1 per practice)
- Breakfast sessions, all lunches, all am/pm teas
- First timer’s welcome reception Sunday (first-time conference attendees only)
- ASAVA recent graduate dinner Sunday (recent graduates only)
- Networking drinks and stand-up dinner Monday
- Networking drinks Sunday, Tuesday and Wednesday
- ASAVA Masquerade Ball Thursday evening
- Party Night is not included.
- Social events limited to one ticket per event
- All practice registration delegates must be ASAVA members
- Vet Ed points will need to be claimed by the delegate attending each day.

DAY REGISTRATION INCLUSIONS
- Attendance at lectures (on nominated day)
- Admittance to industry exhibition (on nominated day)
- Copy of proceedings
- Satchel including conference materials
- Breakfast session, lunch, am/pm tea (on nominated day)

POST CONFERENCE TOUR
AVAPM EXCLUSIVE INSIGHTS TOUR
Friday 14 August: 8.00am-6.00pm
Sponsored by Hill’s Pet Nutrition
Giving you access to all areas of three of the Gold Coast’s leading veterinary practices.
The tour is open to all non-QLD based practice managers, owners and staff, giving delegates an
inspirational glimpse into the business and operational aspects of established successful veterinary
practices.
The tour will encompass hosted visits to three practices, local transportation, feedback booklets and a
debrief session, morning, afternoon tea and lunch.
Your tour guide is Dr Tony Thelander, renowned veterinary business consultant. Tony will share his
valuable insights into what makes a practice efficient and profitable.
Tony runs a successful consultancy in Brisbane, has visited hundreds of
veterinary practices and has hosted a number of Exclusive Insights tours with
AVAPM.
We look forward to having you on board.
