

LENS TECHNICAL COMMITTEE AGENDA

International Vision Expo East 2017

Wednesday March 29, 8 –10 a.m.

Chairperson – Dick Whitney (Carl Zeiss Vision)

Vice Chair – Keith Cross (PPG)

LTC Mission Statement

The Lens Technical Committee is a forum open to interested Vision Council members dealing with any technical issue pertaining to the manufacture, marketing, or distribution of spectacle lenses globally. When needed, the LTC may wish to request Division leadership to form task forces or committees to study lens issues in further detail. Participants must be Vision Council members to regularly participate, and discussions shall be directed toward areas of benefit to improving this field and not to benefit one company or individual.
