Wisconsin Nurses Association Advanced Practice Nurse Forum

25th Anniversary Pharmacology & Clinical Update

Thursday, April 14–Saturday, April 16, 2011
Monona Terrace and Convention Center, Madison
Message from the President

Dear WNA APN Forum members, advanced practice nurse colleagues, students and friends,

Welcome to the 25th Annual Pharmacology & Clinical Update sponsored by the Wisconsin Nurses Association Advanced Practice Nurse Forum!

This year marks the historic anniversary of the first annual educational conference of the WNA Nurse Practitioner Council held in 1986 at the Stevens Point Sentry World Sports Center. That first conference (with approximately 30 attendees) was organized by a small group of APNs who were committed to the idea of working together to provide high quality continuing education and pharmacology credits in Wisconsin. This began the long tradition we are celebrating this year.

The annual conference brings content experts from all areas of clinical practice for several days of intense learning opportunities. Conference participants are able to reconnect with classmates, educators, and mentors and network with professional colleagues old and new. The conference provides valuable updates in state and national practice, legislative and policy issues. The goal of the planning committee each year is to challenge and inspire you, refresh and support you, and encourage you to go back to your practice settings with some new ideas to better care for yourself, your patients and their families.

The key to the success of the Annual Pharmacology and Clinical Update is the bond we share through the Wisconsin Nurses Association. For 101 years WNA has been the professional voice for registered nurses in Wisconsin. It was WNA members who formed a special interest group called the NP Council (the precursor to the APN Forum) in 1976. It was WNA that provided the framework and support for early efforts to organize and work together on common goals, moving our profession forward. And it’s been our membership in WNA which allows us to work with our colleagues to do more together than we could ever do alone.

The Annual Pharmacology and Clinical Update is an example of the synergistic effort of WNA members and staff, becoming the largest annual nursing conference in the state, attracting almost 600 registrants and 60 exhibitors. Through 12 professional skills workshops, and 35 course offerings in five clinical tracks- Pediatrics, Women’s Health, Adult Health- Acute Care, Adult Health-Primary Care, and Psychiatry—participants can earn up to 13.75 contact hours.

I’m excited to welcome you to the Monona Terrace and Convention Center for our historic 25th Annual Pharmacology and Clinical Update!

Mary Beck Metzger, MSN, FNP-BC, APNP
Family Nurse Practitioner
President, APN Forum
Wisconsin Nurses Association
**Who We Are**

The Advanced Practice Nurse (APN) Forum is a special interest group of the Wisconsin Nurses Association devoted to the issues of Nurse Practitioners, Clinical Nurse Specialists, Certified Nurse Midwives, and Certified Registered Nurse Anesthetists. Areas of focus include:

- Educating employers and prospective patients on the role of the Advanced Practice Nurse.
- Monitoring various practice regulations (such as the protection of prescriptive authority).
- Watching billing/access issues (such as workers’ compensation statutory changes).
- Keeping an eye on legislative issues through the financial support of the Voter Voice Program.
- Developing educational programs.

The WNA APN Forum is your professional voice in these areas as well as with your individual concerns. Please feel free to contact us via the WNA website (www.wisconsinnurses.org), email (info@wisconsinnurses.org), or by calling (800) 362-3959; Madison area (608) 221-0383.

**Online registration is available at www.wisconsinnurses.org.** Click on Conferences (on right under Quick Links), then WNA APN Forum Pharmacology & Clinical Update. Credit card payment is required if registering online—MasterCard, Visa, or American Express are accepted.

**Mail registration to:** WNA, 6117 Monona Drive, Madison, WI 53716. Payment must accompany your registration.

**Fax registration to:** (608) 221-2788. Credit card payment is preferred if faxing your registration—MasterCard, Visa, or American Express are accepted.

**Registration deadline is April 1, 2011.**
Purpose

This intensive three-day conference will identify new as well as review current pharmacological and clinical approaches to management of common conditions in primary and acute care.

Intended Audience

This conference has been designed for nurse practitioners, clinical nurse specialists, certified nurse midwives, physician assistants, advanced practice nurse students, and other health professionals in primary care.

Thank You

The Wisconsin Nurses Association Advanced Practice Nurse Forum wishes to especially thank the Wisconsin Association of Pediatric Nurse Associates & Practitioners (WAPNAP) for their efforts in planning this annual conference.

The Wisconsin Nurses Association is an approved provider of continuing nursing education by the Texas Nurses Association, an accredited approver by the American Nurses Credentialing Center’s Commission on Accreditation.

CONTACT HOURS AND PHARMACOLOGY CREDITS

This year’s conference offers approximately 70 contact hours of challenging pharmacology and clinical updates and skill-enhancing workshops. Thursday pre-conference sessions are 2.0 contact hours each; the Friday keynote presentation is 1.0 contact hour; and Friday and Saturday breakout sessions are 1.25 contact hours each. Participants attending the entire conference (Thursday–Saturday) will receive 13.75 contact hours. All sessions offer contact hours unless specifically noted.

Those sessions offering pharmacology credits are noted with (Rx) in the conference schedule. Those not marked with (Rx) do not qualify for pharmacology credits.

DISCLOSURES

It is the policy of the Wisconsin Nurses Association (WNA) to provide balance, independence, and objectivity in all educational activities sponsored by WNA. All faculty participating in this program are expected to disclose to WNA and the program audience any real or apparent relationships with commercial interests related to the content of the presentation. It is also expected that faculty will disclose to the audience when “off-label” uses of commercial products are discussed during the presentation.

Prior to, or at the start of the program, learners will be informed of 1) any commercial support or sponsorship received in support of the educational activity, and 2) any relationships with commercial interests noted by members of the planning committee or faculty. If participants have specific questions regarding relationships with commercial interests reported by activity planners or presenters, please contact the WNA office or a WNA staff member at the conference.

The presence of commercial exhibits during the conference does not imply endorsement by the Wisconsin Nurses Association, Texas Nurses Association, or the American Nurses Credentialing Center’s Commission on Accreditation.

SUCCESSFUL COMPLETION

To receive contact hours, participants must attend the entire session and complete an evaluation for each presentation attended. More information on the process for evaluation and receiving a certificate of successful completion will be provided at the conference.

CONFERENCE SCHEDULE

THURSDAY, April 14, 2011

An IMPLANON® (etonogestrel implant) 68 mg Clinical Training Program will be offered on Thursday, April 14, 2011, 10 a.m.–12:30 p.m., at the Monona Terrace and Convention Center in Madison, as part of the 25th Annual WNA APN Forum Pharmacology & Clinical Update.

During the IMPLANON® Clinical Training Program attendees will learn important clinical data about IMPLANON® and patient counseling. This session includes a hands-on training for insertion and removal procedures as well as localization techniques. Completion of this course will allow the attendee to order IMPLANON® from an authorized distributor(s) and perform insertion and removal procedures.

This session, which is sponsored by Merck, is not accredited for continuing education credit. The training is open to advanced practice clinicians with furnishing numbers or prescribing privileges in their state and to physicians only. It is Merck’s policy to verify all clinicians’ practice, license, and eligibility information in advance of the training. Merck will contact the attendee directly if there is a problem regarding this process. Attendees are expected to be present for the entire training. Certificates of completion will not be issued to those who arrive late or leave early.

There is no charge to attend, but you must contact Kerry Berens at Merck by Friday, March 25, 2011, to register (608-354-6603, or kerry_berens@merck.com). Lunch will be provided to participants attending this program. The training can accommodate up to 20 participants. There are no continuing education credits being offered for this training. This program is being sponsored by Merck with no endorsement or financial support from the Wisconsin Nurses Association.
