## SERVICES

República Creativa is a full service organization that offers complete services related to exhibition stand designing & building. For example: **3d designing, graphic production, complete stand building, installation & dismantling including carpentry, metal work, painting, flooring, electrical, signage production, audio visual, furniture & more.**

## HISTORY

República Creativa was born in the year 2006 with a small team of less than five people. Our clientele is elite and rely on us year after year for their exhibiting requirements. It's been 8 years but zeal to excel is still the same. We continue to relentlessly pursue newer and better goals and aim to become one of the best exhibition stand designers and builders in the region.
