

April 26 + 27, 2017 SHERATON MESA HOTEL MESA, ARIZONA, USA

#### Conducted by

Bridge Management Standing Committee of the Transportation Research Board

#### In Cooperation with

Federal Highway Administration U.S. Department of Transportation and AASHTOWare

The Bridge Management Committee (AHD35) of the Transportation Research Board announces the 11th International Bridge and Structures Management Conference will be held at the Sheraton Mesa Hotel in Mesa, AZ April 26-27, 2017. This conference is sponsored by TRB Committees on Bridge Management (AHD35) in cooperation with the Federal Highway Administration and AASHTOWare. The 11th Conference will provide a 2-day program that focuses on the impacts of the new Federal Transportation Asset Management Rule and the proposed Federal Performance Measures. Four workshops are included that highlight the Federal rules, Implementation of AASHTOWare Bridge Management (BrM) software to help meet those rules and incorporate multi-objective analysis in bridge program planning, and to illustrate how to use the NCHRP Guide on Return on Investment from use of Management Systems. The Conference also highlights the advancement of asset management in Europe and South America.

The 10th International Bridge and Structure Management Conference was held at the Hyatt Regency in Buffalo, New York on October 20-22, 2008. This conference was sponsored by TRB Committees on Bridge Management (AHD35) and Structures Maintenance (AHD30) in cooperation with the Federal Highway Administration, New York State Department of Transportation, New York State Thruway Authority, New York State Bridge Authority, Multidisciplinary Center for Earthquake Engineering Research, and University at Buffalo: The State University of New York. The Proceedings from the 10th Conference were published as **Transportation Research E-Circular 128** in October 2008. The 10th Conference provided a 2-day program that focused on Bridge Management decision making, bridge program planning, and advancements in bridge assessment for use in Management Systems. The Conference also highlighted the advancement of asset management in Europe, South Arica, the Far East, and Canada.

The 9th conference was held in Orlando, Florida in 2003. Presentations from the 9th Conference were published as Transportation Research E-Circular 049 in April 2003. This conference was sponsored by TRB Committee A3C17, Bridge Management Systems in cooperation with the Federal Highway Administration. The tenth conference provided a 2½ day program with presentations on future directions and challenges in structures management; design and implementation of bridge management systems; application of bridge management in transportation agencies; bridge preservation, maintenance and deterioration rates; application of prioritization and optimization routines; structural performance, monitoring and remaining life; bridge modeling and NBI translator; structure vulnerability and weigh-in-motion; bridge inspection; local, frequency and thermal imaging; bridge decks and stay cable; and, accelerated construction, fiber-reinforced polymers and corrosion evaluation. The conference was developed to aid bridge practitioners, managers and researchers in taking advantage of the characteristics of existing systems from around the world, and identifying new and anticipated enhancements.

#### **ACCOMMODATIONS**

A block of rooms has been reserved for this conference at the Sheraton Mesa Hotel with a Conference rate of \$110.00 plus applicable state and local tax. The hotel is located at 860 North Riverview, Mesa, AZ 85201. Reservations can be made online at <a href="https://www.starwoodmeeting.com/events/start.action?id=1606277777&key=10018667">https://www.starwoodmeeting.com/events/start.action?id=1606277777&key=10018667</a> or by calling the Hotel's Reservation Department at 480-664-1221. Indicate that you will be attending the 'International Bridge & Structures Management Conference' to get the special conference rate.

#### **TRANSPORTATION**

Ground transportation between the Phoenix Airport and Hotel is available by the Complimentary Hotel Shuttle Service (5:30 am to 11:00 pm) by calling 480-664-1221 or taxi services.

#### **DRESS**

Business casual

#### LINK TO PAPERS TO BE INCLUDED IN THE PROCEEDINGS

Many of the presenters have also prepared formal papers on their topic that will be included in a TRB Circular containing the Proceedings of the Conference. For your reference during the conference, the papers have been posted at the following web site:

https://cm.wsu.edu/ehome/bridge-structures

The presentations for Workshop 3 are also posted at that site for your reference.

#### **ACKNOWLEDGMENTS**

#### TRB LEADERSHIP

Neil J. Petersen, TRB Executive Director James Bryant, TRB Staff Representative

#### PROGRAM COMMITTEE

Bruce Johnson (Chair), Sreenivas Alampalli, Basak Aldemir-Bektas, James Bryant, Eric Christie, Derek Constable, Harry Capers, Rade Hajdin, John Hooks, Ehsan Minaiee, and Paul D. Thompson

#### **COMMITTEE ON BRIDGE MANAGEMENT. AHD35**

Basak Aldemir-Bektas, chair, Bruce Johnson, past chair, Sreenivas Alampalli, Ting Bao, Scot Becker, Erin Bell, Harry Capers, Jr., Derek Constable, Reed Ellis, John Fussell, Knut Grefstad, Rade Hajdin, Arne H. Henriksen, John Hooks, Stuart Hudson, Mike Johnson, Samual Labi, Haotian Liu, Ehsan Miniaie, George Morcous, Josh Sletten, Arunprakash M. Shirolé (emeritus), Pingbo Tang, Junliang Tao, Paul D. Thompson, Peter Vanderzee, Ben Witter and Bojidar S. Yanev

#### SPONSOR RECOGNITION

We recognize Bentley Systems, Inc. for making a substantial contribution to the Conference.

#### **VENDOR RECOGNITION**

We recognize the following vendors for their support to the success and value of the Conference. Please visit their booths in the Vendor Area.

AgileAssets, Inc.

Bentley Systems

# **BURGESS & NIPLE**

Burgess & Niple

**CESSTEL** 

EMSEAL Joint Systems

Sixense-Advitam

#### **CONFERENCE PLANNING**

Janet McLoughlin, Washington State University Conference Management

# THE NATIONAL ACADEMIES Advisers to the Nation on Science, Engineering, and Medicine

The nation turns to the National Academies—National Academy of Sciences, National Academy of Engineering, Institute of Medicine, and National Research Councilfor independent, objective advice on issues that affect people's lives worldwide.
