

**PMI Global Conference Speaker Video Tips**  
**Deadline to submit: Monday 14, August**

We are excited for your presentation and we want the participants to hear about your topic in advance of arriving to Chicago! Submit a quick video of your session to help them better understand why your session should be part of their personal Conference agenda!

This year is all about **Difference Makers** and we want to know how **YOU** are making a difference in project management.

Start off your video by filling in the blank “I’m a \_\_\_\_\_” Then follow up by inserting the date and time of your presentation and answering one of the suggested scripts below.

**Suggested script #1: What someone will learn at your session**

At my session you’ll learn \_\_\_\_\_ and \_\_\_\_\_.

**Suggested script # 2: About your experience**

Answer this question: What’s something interesting about your work in the field, experience or background that project managers would relate to?

**Suggested script #3: About your experience**

Answer this question: How do you feel project management or project managers make a difference through their work?

**Tips**

- **Shoot horizontal**
- **Don’t use the phone zoom:** If you want to get a closer shot of your subject, just move your feet closer until you find the perfect shot!
- **Light your video:** the iPhone (as an example) looks great in natural light, so position yourself facing a window and use the sun.
- **Want more tips?** [Here’s a helpful video.](#)

Submit your video to the following drop box link <https://www.dropbox.com/request/NIYMjxFsJw8TC262ogfI> by Monday 14, August
