The premier Australasian spatial and surveying industry conference, **Locate14** has released the conference program, with insights into the changing profession of surveying.

Locate14 will be held at the National Convention Centre in Canberra from 7-9 April 2014. The Exhibition Open Day will be held 7 April 10am to 4pm with the Conference program commencing on 8 April.

Changing Landscape of Surveying stream

Surveying has certainly changes over the past decade and promises to be an environment of continued review, change and renewal in the future. With the latest information on legislation briefs to new and exciting developments in the profession, this stream will pose the questions: What next? Where next? What will the role of surveyor look like in the future?

Key Stream Speakers:

- *Cadastre 2034 – A National Strategy for Cadastral Reform and Innovation* presented by Paul Harcombe, Chair of [Intergovernmental Committee on Surveying and Mapping](#) (ICSM)
- *Elevating the Public Perception of the Professional Land Surveyor* presented by Mick Rose, Land Surveyor, Tasmania.

The complete Locate14 Conference program is available online www.locateconference.com.

Locate14 Conference and Exhibition combines three previous national events – the *spatial@gov* Conference, the Surveying & Spatial Sciences Conference (SSSC) and the Asia- Pacific Spatial Excellence Awards (APSEA) combining to form a single premier Australian and New Zealand industry event.
