## UNIVERSITIES AUSTRALIA HIGHER EDUCATION CONFERENCE 2018

---

NATIONAL CONVENTION CENTRE CANBERRA  
28 FEBRUARY – 2 MARCH 2018

---

FUTURE **FUNDAMENTALS**

Universities Australia is the national peak body representing Australia's universities. Our purpose is to provide expert policy advice, and high level political advocacy to influence policy makers to ensure that the regulatory, fiscal and policy framework is conducive to a vibrant, world-leading higher education system.

The Universities Australia Higher Education Conference is the peak body's annual signature event attracting more than 900 delegates from the most senior levels of our universities. The tenth annual conference titled Future Fundamentals is to be held 28 February–2 March 2018 in Canberra.

Universities Australia's annual Higher Education conference stands out. It is run by the sector for the sector and is the must-attend event for all those who have an interest in what's happening in university education and research and how it will affect you and the nation in the years to come.

It is also the go-to event in the higher education calendar for all those who wish to support, build relationships and do business with this dynamic and expanding sector.

The conference brings together university and industry leaders, policy-makers, experts, researchers and commentators from around the country and around the world to discuss the latest in policy trends and analysis.

The theme of this year's conference—Future Fundamentals—encapsulates the fundamental role of universities in teaching, learning and research against a backdrop of profound technological, social and political change.

Universities Australia members are located all around Australia:

## Why participate in this conference?

The Universities Australia Higher Education Conference is Australia's leading event for organisations working in the education sector to increase brand exposure, develop long-lasting relationships, and build business opportunities.

### The sector

- The higher education sector is a significant part of the economy, spending more than \$25 billion annually and generating an export income of \$12.9 billion in 2015. It is also one of the few sectors which is expanding and supports burgeoning infrastructure development and services industries which are forecast to grow exponentially in the foreseeable future.
- With 246 campuses located around Australia and offshore, Australian universities educate 1.3 million students and employ over 120,000 full-time equivalent staff.

### The program

- The program is structured around key national and international speakers who make news, stimulate debate and bring about changes to the higher education policy environment.
- All Australian university Vice-Chancellors, Chancellors, senior university decision makers and senior managerial staff support this conference as chairs, speakers and delegates.
- The Minister for Education and other key ministers and opposition frontbenchers in portfolios of importance to Higher Education will be invited to participate.

### The delegates

- Approximately two-thirds of the attendees are from Australian and overseas universities, with the remainder from government departments and agencies, ministerial offices, affiliated peak bodies and higher education-related lobby groups.
- The Universities Australia conference has been incredibly successful with the number of delegates growing steadily over the years and it is expected to continue expanding
- This range of attendees broadly reflects Universities Australia's intended target audience: government, business, education providers, university staff, philanthropic organisations, media, higher education sector agencies, and international institutions and organisations. A number of student representative organisations also attend.
- The 2017 conference attracted speakers and delegates from Belgium, Brazil, Canada, Chile, China, Denmark, Fiji, Hong Kong, India, Ireland, Japan, Malaysia, Netherlands, New Zealand, Papua New Guinea, South Africa, Singapore, the United Kingdom and the USA.

## Who should partner and exhibit?

Universities Australia would be really pleased to discuss partnership and exhibition opportunities with any organisations interested in being involved in the 2018 Higher Education Conference. Your involvement as a partner or an exhibitor will provide opportunities to network, support and work with the higher education sector, and will be widely promoted in the lead up to and during the conference.

### Involvement in this conference would lend itself particularly well to:

- Higher education organisations
- Training organisations
- Learning application developers
- Consultancies
- Local, state and federal government
- Financial organisations
- HR solutions
- Accounting software developers
- Collaboration tool developers
- Content management solutions developers
- Facilities management solutions
- IT support services
- Assisted learning technologies
- Internet based learning providers
- Technology companies (products and services)
- Board and governance portal platforms
- Marketing and advertising companies
- Furniture providers
- Audio visual suppliers

## Marketing and communications

The Universities Australia Higher Education Conference is actively promoted in the lead up to, and during, the conference.

### Partners will be promoted through:

- regular conference e-newsletters leading up to the conference (highlighted in a company profile for platinum level partners, and as a listing with a logo for gold, silver and bronze level partners)
- the dedicated conference website
- tweets, Facebook and LinkedIn posts
- the conference delegate program
- signage at the venue commensurate with the partnership level.

## Venue

The conference will be held at the National Convention Centre Canberra (31 Constitution Avenue, Canberra) from 28 February to 1 March 2018 with satellite events being held on Friday 2 March 2018.

## Highlights 2017

39 Australian universities represented by senior management

40+ exhibiting organisations

50+ high profile presenters

over 900 participants

## Program

The program comprises a two day event with a third day reserved for complementary events including meetings or specialist sessions of other relevant bodies or academies, which while not core to the conference theme may be of interest to delegates.

- your company logo and details of your organisation located within the program; on the conference website and the conference phone app.

## EXHIBITION OPPORTUNITIES

In an increasingly technology driven world, keeping up with innovation, and finding ways to do things faster, smarter and more efficiently is becoming more and more important for universities

*Future Fundamentals* provides opportunity to examine the challenges and opportunities that technology and disruption presents. For the first time, Universities Australia will be presenting Tech-EX—a technology focussed exhibition for our Technology Showcase Partners to demonstrate exciting and critical technologies, and present new and innovative ideas on the application of technology to the higher education sector.

Tech-EX is going to be bigger and more dynamic than anything we have done before, and we would like to work closely with you to ensure that you maximise the benefit of being involved in this exhibition as a partner or as an exhibitor.

Exhibitors are encouraged to think really creatively about their presence at the Conference Exhibition, and are welcome to fully customise their booth within the space allocated. To foster this creativity, Universities Australia will run a competition for the best exhibition space to be judged by delegates.

Refreshment breaks, and the welcome reception will be held within Tech-EX to maximise opportunity for delegates to engage directly with exhibitors, and interact with the hands-on technology displays. The program of sessions held on stage will also entice delegates to make use of the exhibition.

Early commitment will help ensure that your organisation secures a prominent location on the exhibition floor. You can also secure the early bird rate by booking before 28 October 2017.

	Early bird (on or before 28 Oct)	Standard (after 28 Oct)
<b>Standard exhibition space (3m x 3m)</b>	\$3,500 ex GST	\$3,700 ex GST
<b>Large exhibition space (5m x 3m)</b>	\$4,000 ex GST	\$4,200 ex GST

### Inclusions:

- White Octanorm walls with backlit perspex side fascia
- 1 x 4amp power point
- 2 x 150w vario arm lights
- Two exhibitor registrations\*
- Your organisation's logo located within the program, the conference website and the conference phone app.

### Notes:

- Additional exhibitor registrations can be purchased at a cost of \$300 (ex GST) per attendee.
- An exhibition manual containing full details including bump in and bump out, plus delivery information will be distributed to exhibitors approximately three weeks prior to the conference.
- Universities Australia will provide all exhibitors with a comprehensive exhibition manual prior to the conference.
