eHealth Week is the leading forum for the advancement of health IT in Europe. Combining the High level eHealth conference co-organised by the European Commission and the Latvian Presidency of the Council of the European Union, and WoHIT (World of Health IT Conference & Exhibition) organised by HIMSS Europe, eHealth Week is a proven concept that bridges the gap between public policy and the realities of day-to-day implementation by bringing all sectors of the healthcare IT community together, all under one roof.

European and healthcare leaders will descend on Riga to discuss how IT can improve the safety and quality of care of patients. Presenters from Europe and beyond will share successful and innovative eHealth solutions that make it possible for patients and providers to access healthcare everywhere.

“In a time where eHealth solutions are no longer an option but a necessity, then nations need to come together to share best practices and knowledge so that we can advance rapidly together in transforming our healthcare systems with IT solutions. Events like *eHealth Week* are essential to progress towards this common goal and we look forward to advancing the European eHealth agenda at *eHealth Week 2015 in Riga*”

Ingrida Circene, Former Minister for Health of the Republic of Latvia

Who will be there

- » Hospital CIOs and CEOs
- » Government and Regions
- » Healthcare Professionals
- » IT Managers
- » Patient Groups
- » NGOs
- » Vendors

eHealth Week is Power Networking!

It's more than meeting people, it's meeting the right people for knowledge sharing, best practices, career connection and socializing. eHealth Week 2015 has planned many different ways for attendees to connect before and during the conference. Whether it is making connections through exciting networking events such as the always popular Opening Reception. eHealth Week is your opportunity to hear different industry perspectives and expand your network.

Opening Reception

Monday, 11 May | 17:00 - 18:30

eHealth Week kicks off in style with a chance to relax and orient yourself with our welcoming mixer. Taking place on the show floor and open to all our guests, it's going to be a great way to catch up with familiar faces, meet some new colleagues - and take an early peek at some of the innovative industry solutions already set up for your convenience. So don't forget to pass by, as you don't want to miss this chance to relax after your travel.

Matchmaking Event

Tuesday, 12 May | 09:00 - 15:30

Wednesday, 13 May | 09:00 - 11:30

Collaborate » Innovate » Grow

eHealth Week 2015 is offering attendees a complimentary matchmaking event taking place on 12 and 13 May, with the aim of encouraging collaboration and generating meaningful global business opportunities between European and US companies, health providers and other stakeholders.

eHealth Week Special Event

Tuesday, 12 May | 19:30 - 22:30

After two solid days of peer discussion, technology evaluation and education about the latest health IT industry trends, can you think of a better way to end your time at the conference than convivial company, refreshment and maybe even the chance to boogie? We couldn't either - which is why we have set up our fun last night of food, music and hospitality. Don't miss your chance to cap your time at eHealth Week 2015 by joining us!
