

Graeme Frazier
Private Capital Research, LLC/GF Data Resources, LLC

Graeme is the President of Private Capital Research LLC, a buy-side M&A and consulting firm he founded fourteen years ago that sources, originates, and invests in buyout and recapitalization transactions for middle-market private equity firms and corporate clients (www.pcrllc.com); and he is also a Founder and Co-Manager of GF Data Resources LLC, a subscription-based database company that publishes quarterly reports and hosts a searchable online utility that features proprietary transaction (valuation, leverage and key deal terms) data on private equity-sponsored M&A transactions with \$10 to \$250 million in total enterprise value (www.gfdataresources.com). Prior to PCR, Graeme was Director of Research for the Private Capital Group of Berwind Financial Group LP, (a subsidiary of the Berwind Corporation). Graeme has a BA in economics from Trinity College and an MBA from Temple University (Executive Program), where he received the Dean's Certificate of Excellence and was elected to the Beta Gamma Sigma honor society.
