

Speed Networking

With Peers and Sponsors

Hosted By:

John Amato

VP and Publisher
Computerworld

The Rules

- Each round is 7 minutes
- Introduce yourself and answer the question
- Go fast so everyone gets a chance to speak (that's why it's called Speed Networking!)
- Have fun and see what you learn
- Get your passport stamped by the table host
- Never go to the same color table twice

1. Why did you come to this conference?

2. What one question do you want to make sure you get answered here?

3. What is the top challenge your organization is faced with regarding data and analytics?

4. How do you see your Big Data and/or your BI and analytics strategy changing over the next 12 to 18 months?

5. What technology do you plan to purchase next to support your data and analytics strategy?

6. What pain point are you experiencing in your data and analytics environment that you haven't been able to solve (technical or cultural)?

Bring your passport with all 6 stamps to the registration desk

**Raffle drawing takes place tomorrow morning
in the General Session – must be present to
win!**
