Greening the Conference

Conference Program

The 2019 Conference Program will be available through a free mobile application compatible with all technological platforms as well as available in PDF for download.

If you would like to purchase a printed copy of the program for \$15.00 please select the quantity below. This will be available for you at registration.

Order Printed Conference Program; \$15.00

Conference Tote Bag

PRESCOTT is a non-profit organization located in the North End of Halifax, Nova Scotia. They support 160+ adults with an intellectual challenge in Halifax through development of life and work skills. Since 1980 the clients of Prescott Custom Bags have been producing custom printed products of the highest quality including colourful canvas tote bags, screen printed aprons and handy portfolios.

The 2019 conference tote bag measures approximately 16" x 16" in size with long handles made from 1 ½" natural cotton webbing. The tote bag is made from 10oz natural colored canvas and will be imprinted with the conference logo.

Order a Delegate Bag; \$9.00

CES Carbon Offset Initiative:

As part of CES commitment to environmental responsibility and sustainability, we ask attendees to consider a small carbon offset contribution that will be used to purchase tonnage of carbon offsets from a Canadian company called Less, a division of Bullfrog Power. Global air travel causes approximately 2% of the world's carbon emissions. Many airlines are working on alternative aviation biofuels in an effort to develop a renewable option to eliminate air travel emissions. But currently, biofuels are not a viable option. Less was born out of a need to give Canadians a way to take action on their air travel-related emissions today.

Below are some options to assist you in offsetting your carbon footprint.

Please add the below selected amount to my registration fees:
