

Women and Leadership

Learn and discuss some of the unique challenges facing women leaders as well as proven strategies for surmounting those challenges. This workshop will review the key findings in *What Works for Women at Work* by Joan C. Williams and provide opportunities to discuss how the patterns Williams identifies and strategies she recommends play out in different cultures. Both women and men are invited to participate in this workshop.

Facilitated by:

- Beth Pfannl, Vice President/ Administrative Searches, International Schools Services
- Laura Light, Director/Educational Staffing, International Schools Services
- Bridget McNamer, Senior Associate, Search Associates
- Pauline O'Brien, Director of Educational Recruiting Service, Council of International Schools
