

NEW! PROFESSIONAL SPORT FACILITIES SAFETY & SECURITY SUMMIT

MARCH 8-10, 2016 | NATIONAL CENTER - HATTIESBURG, MS

NCS⁴

- INTERSECTION OF SPORT & ENTERTAINMENT -

The Professional Sports Leagues have developed excellent stadium and arena operating policies, security planning protocols, and protective measures supporting their industry. However, stadium and arenas are facilities that are the platform for the intersection of sport and entertainment. To address this changing landscape, the National Center for Spectator Sports Safety and Security (NCS4) invites you to participate in our upcoming event to identify the critical safety and security challenges facing professional sport venues and managers to develop the first edition of the **Professional Sport Facilities Safety and Security Best Practices Guide**.

ATTENDEES INCLUDE

PROFESSIONAL AND MINOR LEAGUES

Stadiums, Arenas, and Outdoor Events

- Safety and Security personnel
- Facility managers
- Local/state law enforcement
- Government officials
- Emergency managers
- Fire/HazMat
- Emergency Medical
- Health Services
- Private Security
- Invited solution partners

Every stadium and arena present unique challenges in implementing best operatory practices. This is an opportunity for industry professionals to come together and discuss best practices in a collaborative environment with the goal of developing a comprehensive guide that will be the industry standard.

Richard Fenton, Vice President, Corporate Security and Safety
Ilitch Holdings Inc. (Detroit Tigers and Redwings)

NCS4 is the leader in sports security and I always come away from their events with something that I can use at my facilities.

Donald Paisant, CSSP, Chief of Public Safety
SMG New Orleans (Mercedes-Benz Superdome, Smoothie King Center, Champions Square)

This is an opportunity for industry professionals to come together to discuss best practices and develop industry standards as a team.

Billy Langenstein, Director Event Services
U.S. Bank Stadium
