Introducing Fresh Guard.™

The one time a toothbrush
is not recommended.

Toothbrushes and other cleaning methods simply were not designed to clean removable dental devices—Recommend NEW Fresh Guard™ by Efferdent™ instead. This innovative cleaning solution is specially designed to give retainers, mouth guards and clear removable braces a complete clean you can see, smell and feel, without scratching.

Fresh Guard™ Soak kills 99.9% of odor-causing bacteria in just 5 minutes. And for a quick on-the-go clean, Fresh Guard™ Wipes are individually wrapped and require no water. Finally there's an answer to all of your patients' dental appliance hygiene needs. New Fresh Guard™!

WELCOME TO NASHVILLE!

Kelli Swanson Jaecks, MA, RDH
ADHA President

Dear ADHA Attendee,

Welcome to the music city of Nashville and the ADHA's 2015 Center for Lifelong Learning at the 92nd Annual Session. The Music City Center is a spectacular venue and we are thrilled to have it host our national professional dental hygiene meeting this week. With the robust CE programs, exhibits and networking opportunities before us, I am confident you will leave Nashville energized and revitalized from all the new connections you have made, and excited about the future of your profession.

I would like to especially acknowledge our sponsors and exhibitors. Their generosity and support of the ADHA is greatly appreciated. As you walk around the exhibit floor, take a moment to thank these companies for being here and make purchases from them while you are here onsite or immediately following when you return home. The best way to show our appreciation to these companies is to purchase products from them.

I also would like to thank the Committee on Annual Session and the volunteers for their hospitality in hosting the national professional meeting here in Nashville. Their dedication, support and commitment are a crucial component to the meeting's success. We are most appreciative of those efforts.

As the dental hygiene profession is transforming, we invite you to attend the House of Delegates from June 21-23, 2015, where the political leaders of the association discuss the current issues relevant to the profession, as well as the CODA Open Hearing taking place on the afternoon of June 20.

Thank you again for being here among friends and colleagues, working to transform and strengthen this amazing profession of dental hygiene. I hope you enjoy the vast amount of networking and new connections you will make this week, as well as the knowledge and information you will return with to help you personally and professionally.

WELCOME FROM THE COMMITTEE ON ANNUAL SESSION

Welcome to Nashville and the ADHA's Center for Lifelong Learning at the 92nd Annual Session. We are excited to have you join us here in our home state of Tennessee for what is sure to be an incredible event over these next few days.

We hope that throughout this week, each day brings you excitement and energy through the many networking opportunities, exhibits and CE sessions taking place. During the evening, we encourage you to unwind and enjoy all the nightlife Nashville has to offer.

This year's annual meeting provides the perfect opportunity to catch up with your colleagues and create new connections. Enjoy your national meeting here at the Music City Center, where business meets FUN!

Sincerely,
The Committee on Annual Session

THURSDAY, JUNE 18 MORNING COURSES

The Secret to Power, Precision and Prevention: Advanced Reinforced Periodontal Scaling Techniques (Hands-on)
Speaker: Diane Millar, RDH, MA
Day: Thursday, June 18 **Time:** 9:30 a.m. - 12:30 p.m.
Fee: \$70 **CE Hours:** 3 **Ticket Required**
Audience: Dental Hygienists
Course Level: Intermediate **Room:** MCC – 201AB
This course will provide participants with a virtual hands-on scaling experience in order to learn reinforced periodontal instrumentation techniques. Ideal biomechanical ergonomic postures will be demonstrated and then applied through audience participation during the seminar.

Evidence-Based Periodontal Therapy - Conquering the Unseen Enemy
Speaker: Dianne Watterson, RDH, BS, MBA
Day: Thursday, June 18 **Time:** 9:30 a.m. - 12:30 p.m.
Fee: \$55 **CE Hours:** 3 **Ticket Required**
Audience: Dental Hygienists, Dentists, Dental Assistants
Course Level: Beginner **Room:** MCC – 202ABC
This course examines the latest evidence-based information related to patient care protocol, including (but not limited to) pathogenicity, disease progression considerations, patient classification, pain control modalities, traditional and novel treatment sequence and protocol, and documentation of periodontal care. Also covered are periodontal maintenance strategies and liability risk/informed refusal.

Solving Insurance Reimbursement Dilemmas for Dental Hygiene Procedures
Speaker: Kathy Forbes, RDH, BS
Day: Thursday, June 18 **Time:** 9:30 a.m. - 12:30 p.m.
Fee: \$55 **CE Hours:** 3 **Ticket Required**
Audience: Dental Hygienists, Dentists, Dental Assistants
Course Level: All **Room:** MCC – 205ABC
Third party reimbursement of dental hygiene procedures is an ongoing and confusing part of any dental practice. Understanding how dental insurance carriers determine their benefits as well as selecting correct procedure codes which accurately reflect the treatment provided is crucial for all dental staff, especially hygienists. Dental hygienists must know which procedure codes are appropriate and not be mislead into "creative" billing practices.

Forensic Odontology and CSI Fact or Fiction. The Current State of Forensic Dentistry and the Role of the Team
Speaker: Adam Freeman, DDS, D-ABFO
Day: Thursday, June 18 **Time:** 9:30 a.m. - 12:30 p.m.
Fee: \$55 **CE Hours:** 3 **Ticket Required**
Audience: Dental Hygienists, Dentists, Dental Assistants
Course Level: All **Room:** MC – 207AB
The purpose of this course is to give the background necessary for those interested to participate in dental identifications as well as mass disaster identification teams. We will then discuss bitemarks from its inception to current day applications. How the dental team works in the recognition, documentation, analysis and comparison of the bitemark to the comparison of the bitemarks to suspects.

Developing a Professional Portfolio for Career Advancement and Validation of Competencies
Speakers: Cathy Draper, RDH, MS
Day: Thursday, June 18 **Time:** 9:30 a.m. - 12:30 p.m.
Fee: \$55 **CE Hours:** 3 **Ticket Required**
Audience: Dental Hygienists
Course Level: All **Room:** MCC – 209ABC
Today's highly competitive healthcare environment demands professionals who are able to demonstrate personal growth and development throughout their careers. Creating and maintaining a professional portfolio is becoming a requirement for licensure in many healthcare disciplines. Dental hygienists can have unique opportunities to expand their careers outside of traditional practice settings by promoting their experiences and expertise in a professional portfolio.

Flipping the Classroom: Turning the Dental Hygiene Classroom Upside Down
Speakers: Rachel Henry, RDH, MS and Chadleo Webb, RDH, BSDH
Day: Thursday, June 18 **Time:** 9:30 a.m. - 12:30 p.m.
Fee: \$55 **CE Hours:** 3 **Ticket Required**
Audience: Dental Hygienists, Dentists
Course Level: All **Room:** MCC- 207CD
The term "flipping" the classroom has been a buzzword in education for the past several years. The concept of flipping the classroom involves students doing the "lecture" portion of the class at home before they come to class, and allows for class time to be spent engaging in activities that facilitate critical and analytical thinking. Strategies to deliver content will be covered and ideas for engaging students in meaningful learning activities will be presented.

THURSDAY, JUNE 18 AFTERNOON COURSES

The Secret to Power, Precision and Prevention: Advanced Reinforced Periodontal Scaling Techniques (Hands-on) Repeat of Morning Class
Speaker: Diane Millar, RDH, MA
Day: Thursday, June 18 **Time:** 2:30 p.m. - 5:30 p.m.
Fee: \$70 **CE Hours:** 3 **Ticket Required**
Audience: Dental Hygienists
Room: MCC – 201AB
This course will provide participants with a virtual hands-on scaling experience in order to learn reinforced periodontal instrumentation techniques. Ideal biomechanical ergonomic postures will be demonstrated and then applied through audience participation during the seminar.

Better Perio Outcomes through Host Modulation and Nutrition
Speaker: Timothy Donley, DDS, MSD
Day: Thursday, June 18 **Time:** 2:30 p.m. - 5:30 p.m.
Fee: \$55 **CE Hours:** 3 **Ticket Required**
Audience: Dental Hygienists
Room: MCC -202ABC
If all you are doing is root planing, you are merely scratching the surface. While bacteria initiate periodontal disease, the host response to bacteria determines the level of periodontal and systemic destruction. Traditional anti-bacterial therapies work, but they do not work for all patients. Come and learn how to determine which patients have a contributing host response.

"Top of the Heap" The Most Frequently Prescribed Brand-Name Medications and Their Clinical Dental Implications
Speaker: Thomas Viola, RPH, CCP
Day: Thursday, June 18 **Time:** 2:30 p.m. - 5:30 p.m.
Fee: \$55 **CE Hours:** 3 **Ticket Required**
Audience: Dental Hygienists, Dentists
Course Level: Intermediate **Room:** MCC – 207AB
This program will provide participants with an update and overview of the most frequently prescribed FDA-approved brand name medications for the past year. Throughout the program, special emphasis will be given to those medications whose actions, side effects, or interactions with other medications may impact dental therapy.

P&G Professional Oral Health

Comprehensive, Compassionate Care for Patients with Cancer
Speaker: Cathy Draper, RDH, MS
Day: Thursday, June 18 **Time:** 2:30 p.m. - 5:30 p.m.
Fee: \$55 **CE Hours:** 3 **Ticket Required**
Audience: Dental Hygienists
Course Level: All **Room:** MCC – 205ABC
Dental hygienists play a key role in caring for people with all types of cancer. Oral health issues often go untreated during cancer therapy. Program participants will learn ways to collaborate with healthcare providers to provide supportive care to patients with a cancer diagnosis.

Educating Health Care Professional Students to Work Interprofessionally
Speakers: Margaret Lemaster, BSDH, MS, Christianne Fowler, DNP, RN, GNP-BC, & Karen Kott, PhD, PT
Day: Thursday, June 18 **Time:** 2:30 p.m. - 5:30 p.m.
Fee: \$55 **CE Hours:** 3 **Ticket Required**
Audience: Dental Hygienists
Course Level: Advanced **Room:** MCC – 207CD
Part of the current healthcare crisis is the result of an inability of health professionals to work together effectively. Traditional learning occurs in educational silos which limits interprofessional collaboration. Using the Core Competencies for Interprofessional Collaborative Practice as a guide, interprofessional education can be developed. Incorporation of technology as a way to both educate the students and as means of disseminating information allows for the education to reach beyond the walls of an educational structure.

The Transition from Clinical Dental Hygiene to Clinical Research
Speakers: Sharon Varlotta, RDH, MS and Jane Phillips, RDH, MS, CPT
Day: Thursday, June 18 **Time:** 2:30 p.m. - 5:30 p.m.
Fee: \$55 **CE Hours:** 3 **Ticket Required**
Audience: Dental Hygienists, Dentists
Course Level: Beginner **Room:** MCC – 209ABC
Clinical research studies provide opportunities for dental hygienists to become valuable study team members. Dental hygienists may not realize their current skills and knowledge may be all that is required to find themselves in the world of research. Through example and discussion, this course will provide an overview of what it means to be a research study coordinator and the variety of clinical applications there are for dental hygienists.

Lunch and Learn (Sold out)
Day: Thursday **Time:** 1:00 p.m. - 2:30 p.m.
Fee: \$70 **CE Hours:** 1.5 **Ticket Required**
Room: MCC - 105AB
Lunch and Learns provide the opportunity for you select one table topic to sit at and engage in conversation on the topic lead by a moderator.

FRIDAY, JUNE 19 MORNING COURSES

Hearing the Silent Cry for Help
Speaker: Linda Blackiston, RDH, BS
Day: Friday, June 19 **Time:** 10:00 a.m. - 1:00 p.m.
Fee: \$55 **CE Hours:** 3 **Ticket Required**
Audience: Dental Hygienists, Dentists, Dental Assistants
Course Level: Beginner **Room:** MCC - 209ABC
Dentistry is well positioned to recognize the signs of individuals that are trapped in dangerous situations. Abuse, neglect, domestic violence and human trafficking surround us in today's society and leave clear indicators that –if we are properly trained to recognize them- can be detected. Dental professionals are in a front-line capacity to prevent serious mental and physical consequences...perhaps even save a person's life.

Product Presentation
Moderator: Sherri Lukes, RDH, MS, FAADH
Day: Friday, June 19 **Time:** 10:00 a.m. - 1:00 p.m.
Fee: \$40 **CE Hours:** Certificate of Attendance Provided
Audience: All **Ticket Required**
Course Level: Beginner **Room:** MCC - 207AB

Strategies for Improved Patient Engagement: Technology, Products, Soft Skills and More
Speaker: Linda Meeuwenberg, RDH, MA, MA, F.A.D.I.A., C.E.O.
Day: Friday, June 19 **Time:** 10:00 a.m. - 1:00 p.m.
Fee: \$55 **CE Hours:** 3 **Ticket Required**
Audience: Dental Hygienists, Dentists, Dental Assistants
Course Level: All **Room:** MCC – 202ABC
For health care providers, clear health communication is about helping patients to understand and act on health care information so they can follow instructions with the goal of improving health outcomes. Whether presenting oral hygiene recommendations to sustain oral health or recommending dental treatment, each team member plays a vital role in communicating the message to the patient. Learn what communication science has to say regarding the type of communication that patients respond to best and how each team member's behavioral style can interfere or enlighten patient acceptance.

To keep the House of Delegates sessions flowing smoothly, the reports and issues before the house are assigned to three committees of five individuals who are charged with making an in-depth study of the issues and recommending actions ADHA should take. Share your thoughts in this town hall format on the annual reports from ADHA councils and committees and the important policies that direct our profession. Know that your comments will be considered when the committee makes its recommendations to the House of Delegates.

NOTE: A ten minute buffer between each reference committee has been established to allow each reference committee one full hour of discussion. NOTE, should one reference committee finish prior to the hour time slot available, the next reference committee will begin in ten minutes.

**Reference Committee reports will be available for pickup by Trustees immediately following the Governance Design Session on Monday morning.*

Community*

*Center on
Friday and
Saturday.*

Isaac Carpenter will be honored at the following events:

- **Thursday Plenary Session** featuring keynote speaker and musician Mike Rayburn, CSP, CPAE, sponsored by Arm & Hammer
- **Saturday Plenary Session** featuring keynote speaker and athlete Diana Nyad, sponsored by Colgate
- **2015 House of Delegates Business Meeting**

"For 35 years, the ADHA has benefitted from the wisdom and leadership of Isaac Carpenter. His guidance has been a constant, reliable resource for the association through many changes in the economic environment. We wish him all the best in his retirement."

—ADHA 2014-2015 President Kelli Swanson Jaecks, MA, RDH

"Isaac has meant a great deal to many people within the ADHA and the dental hygiene profession. His contributions over the years have been fundamental to the sound infrastructure of our association."
