Dear Customer,

It is with great excitement that I invite you to the 15th annual DHL Global Life Sciences & Healthcare Conference to be held in Hamburg, Germany on June 16-17, 2015.

Our sector community is facing many challenges arising from economic, political, demographic and social forces affecting its supply chain. Under the theme of “Imagine Tomorrow”, over 400 leaders from the pharmaceutical, medical device, and clinical trials industries will assemble from around the globe to share their insights, best practices and innovative solutions that address current and future supply chain and logistic challenges.

Together we will discuss how you can enable your organization to

- access markets globally
- ensure compliance
- focus on core activities
- extend brand reach to customers and consumers

You can expect a broad learning experience by participating at your choice of workshops, hearing plenum presentations by customers, and interacting at exhibits showcasing the newest products and services.

In addition, you will have the opportunity to attend a bus tour through the container terminal at the port of Hamburg, one of the largest seaports in Europe, and see how ocean containers flow in a terminal and vessel operating environment. As space is limited for this tour, seats will be allocated on a “first come, first served” basis.

To secure your spot at the conference, register today by visiting our dedicated event website at www.event-dhl.com/lshc-conference.

If you have questions, please send us an email at lshc-conference@dhl.com

I look forward to seeing you in Hamburg!

Sincerely,

Angelos P. Orfanos
President, Life Sciences & Healthcare Sector
DHL Customer Solutions & Innovation
The 2-day agenda focuses on strategy and best practice to meet the industry's changing business requirements. It’s a great opportunity for you to hear industry leaders present case studies on how they are meeting their challenges by transforming their networks and adjusting to the new market environment.

We will start with a welcome reception on the evening of Monday, June 15 at the hotel.

HAMBURG HARBOUR TERMINAL TOUR (OPTIONAL)

On Monday June 15, a day before the conference starts, you have the opportunity to visit the Container terminals of the harbor in Hamburg. Buses will depart from the hotel at around 1.00 pm and are expected to return to the hotel before Welcome Reception and Dinner starts. A passport or photo ID will be required.

We are currently refining the schedule, and will provide you with any updates prior the event. The tour has a limited capacity and is offered to registrants on a “first come, first served” basis.
At the core of the conference are 40 workshop and networking sessions covering 21 relevant areas of interest to the industry and related solutions around the conference’s theme “Imagine Tomorrow”.

THE WORKSHOPS ARE LOOKING TO CREATE AN OPPORTUNITY FOR YOU TO

- Exchange experiences and opinions on specific challenges and solutions and
- Engage in discussions with your peers and experts on new solution developments and unmet needs

HERE IS AN OVERVIEW OF THE WORKSHOP SESSIONS DURING THE TWO CONFERENCE DAYS:

- eCommerce: exploring the opportunity for life sciences/ healthcare manufacturers
