

Fire & Gas Detection & Protection

- Flame detectors
- Fixed combustible & toxic gas detectors
- Flame & gas detection systems
- Active fire protection systems
- Underground gas detection systems

Industrial Explosion & Overpressure Protection

- Rupture discs
- Explosion vents
- Dust explosion protection systems
- Dust explosion isolation systems
- BPRV – Buckling Pin Relief Valve

Analysers & Engineered Systems

- Continuous gas analysers (CO, CO₂, H₂S, O₂, NO_x, SO_x etc.)
- Gas chromatographs
- Dewpoint / Moisture in hydrocarbons
- Physical property analysers (RVP etc)
- Wobbe index analysers
- Analysers houses/shelters and sample systems

Igniters & Flame Detectors for Boiler Control

- Boiler flame detectors
- Igniters & burners
- Burner control systems
- Duct Burners
- Continuous emission monitoring systems (CEMS)

Oil in Water Detection

- Inline continuous oil in water detection (ppb/ppm)
- Oil layer detection in retention pits
- Oil/water interface & separation control
- Laboratory analysers for oil in water & in soil

Power & Water Products

- Electrochlorinators
- Hydrogen generation & purity control systems
- Reverse osmosis water treatment
- Thermal expansion joints
- Fuel & oil conditioning systems

Committed People Innovative Solutions
