# WELCOME

Dear Colleague,

It is with great pleasure that I welcome each of you to the **District II Annual Meeting**, the premier women's healthcare event in New York State.

I am truly looking forward to an interactive weekend of educational programming, reconnecting with old friends, and meeting new ones in the heart of the Big Apple.

District II's dynamic program will provide you with a foundation of knowledge, techniques, and best practices to help you succeed in our ever-changing field. I am grateful to the District II Annual Meeting Program Committee for developing an impressive program featuring critically acclaimed faculty from across the country and even the pond. Our Scientific Program Co-Chairs, **James Brown, Jr., MD, FACOG** and **Joanne Stone, MD, FACOG**, are to be commended for their academic guidance and leadership.

For 2016, we have a brand new program design consisting of multiple concurrent sessions combined with thought-provoking lectures and hands-on simulation. Our plenary session offers something for everyone from the management of women with a pelvic mass to new trends in labor induction. We are honored to have **Mary D'Alton, MD, FACOG** join us for another year to address new options for fetal monitoring credentialing.

This year's **Martin L. Stone, MD** lecture is on Opportunistic Salpingectomy vs. Tubal Ligation in the OB Patient presented by past District II Chair, **Eva Chalas, MD, FACOG, FACS** and current District II Secretary, **Christine Herde, MD, FACOG**. As part of the **Iffath Abbasi Hoskins, MD Research Day**, the Junior Fellows will showcase their research in the form of a poster presentation. Please stop by and show your support — a monetary prize will be awarded to the winner.

I'd like to recognize our exhibitors who continue to support District II. Learning about the latest products and services available for our profession is an important part of staying informed and ahead of the curve. Please take time to visit the bustling exhibit hall and be sure to enter our fun giveaways — such as free registration to our 2017 Meeting in Bermuda!

Finally, I'd like to thank each of you for attending and bringing your energy and expertise to our meeting. Over the next few days, I ask that you stay engaged, contribute, and be inspired by our outstanding program. Thank you for joining us in New York City!

Sincerely,

**NICHOLAS KULBIDA, MD, FACOG**

Chair, ACOG District II

## PROGRAM CHAIRS

**James E. Brown, Jr., MD, FACOG**

Program Co-Chair

Director of Women's and Children's Services

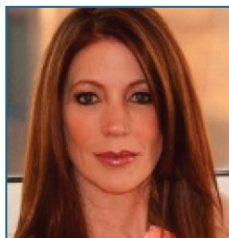

Director of Quality and Safety

Clinical Professor in Obstetrics and Gynecology

Department of Obstetrics and Gynecology

St. Joseph's Hospital Health Center

Syracuse, NY

**Joanne Stone, MD, FACOG**

Program Co-Chair

Division Director of Maternal Fetal Medicine and Perinatal Ultrasound

Professor of Obstetrics, Gynecology and Reproductive Science

Icahn School of Medicine at Mount Sinai

New York, NY

## ACOG COMMITTEE ON CONTINUING MEDICAL EDUCATION

**Rebecca L. Shiffman, MD, FACOG**

Director of Maternal-Fetal Medicine

Woodhull Hospital

Brooklyn, New York

### REGISTRATION INFORMATION

Friday, October 21	7:00 am – 5:00 pm
Saturday, October 22	7:00 am – 5:00 pm
Sunday, October 23	7:00 am – 12:00 pm

### EXHIBIT HALL HOURS

Exhibit booths are located in Ballrooms I & II and will be open:

Friday, October 21	10:00 am – 6:30 pm
Saturday, October 22	7:30 am – 3:30 pm*

Please visit the exhibit hall and participate in the Booth Bingo

\*Limited industry participation

### ACKNOWLEDGMENT

Many of the supplies and equipment used in the simulations during this meeting have been provided as an in-kind donation, and we would like to thank the following companies: Clinical Innovations, Cook Medical, Hologic, Boston Scientific, Philips Healthcare, Medaphor, and Halyard.

# PROGRAM AT-A-GLANCE

## FRIDAY, OCTOBER 21

7:00 am – 5:00 pm	Registration Open
11:00 am	Exhibit Hall Opens
11:30 am	Welcome and Program Announcements
11:45 am	Late Breaking News Lecture
12:30 pm – 1:30 pm	Lunch
1:30 pm – 2:00 pm	Visit Exhibit Hall
2:00 pm – 3:30 pm	Concurrent Sessions/Simulations
3:30 pm – 4:00 pm	Ice Cream Break in Exhibit Hall
4:00 pm – 5:30 pm	Concurrent Sessions
5:30 pm – 6:30 pm	Welcome Reception in Exhibit Hall
7:00 pm – 9:00 pm	District II Annual Dinner (off-site, prior registration required)

## SATURDAY, OCTOBER 22

7:00 am – 10:30 am	JR. Fellow/Medical Student/YP Advisory Council Breakfast Meeting and Round-table Discussion (see pg 7 for full schedule)
7:30 am – 8:30 am	Breakfast in Exhibit Hall
8:30 am	Program Announcements
8:30 am – 10:30 am	Nexplanon® Certification Workshop
8:30 am – 11:00 am	Martin L. Stone, MD Research Day Poster Session Open
8:45 am – 10:15 am	Plenary Session
10:15 am – 11:00 am	Break in Exhibit Hall Martin L. Stone, MD Research Day Poster Session Q&A
11:00 am – 12:30 pm	Concurrent Sessions/Simulations
12:30 pm – 1:30 pm	Lunch
1:30 pm – 2:15 pm	Plenary Session
2:15 pm – 3:00 pm	Concurrent Sessions/Simulations
3:00 pm – 3:30 pm	Iffath Abbasi Hoskins, MD Research Day Oral Presentations
3:00 pm – 3:30 pm	Break in Exhibit Hall
3:30 pm – 5:00 pm	Concurrent Sessions/Simulations
3:45 pm – 5:00 pm	Skills Lab: Medical Student Hands-On Experience
5:00 pm	Adjournment/Evening on your own

## SUNDAY, OCTOBER 23

7:30 am	Breakfast
8:30 am – 12:00 pm	Plenary Sessions
12:00 pm	Adjournment

## FACULTY AT-A-GLANCE

### Ted L. Anderson, MD, PhD, FACOG, FACS

Vanderbilt University Medical Center

# FRIDAY, OCTOBER 21, 2016

**11:30 am – WELCOME & PROGRAM ANNOUNCEMENTS Ballroom III**

**11:45 am – 12:30 pm – LATE BREAKING NEWS Ballroom III**

**GENETIC TESTING: THE NEXT WAVE OF MALPRACTICE LAWSUITS?**

**Victor R. Cotton, MD, JD**, President, Law & Medicine, Hershey, PA

## LEARNING OBJECTIVES

1. Minimize the risk of incurring a “delay in diagnosis” lawsuit related to breast or ovarian cancer
2. Properly identify patients who meet criteria for genetic testing
3. Recognize and manage the risks associated with the absence of FDA regulation of genetic testing

**12:30 pm – LUNCH ON YOUR OWN (SEE PG. 20 FOR OPTIONS)**

**1:30 pm – EXHIBIT HALL GRAND OPENING Ballroom I & II**

## CONCURRENT SESSIONS

**2:00 pm – 2:45 pm Ballroom III**  
**TREATMENT OF MENOPAUSAL SYMPTOMS:  
A 2016 UPDATE FOR CLINICIANS**

**Andrew M. Kaunitz, MD, FACOG, NCMP**  
Professor & Associate Chair  
Department of OB/GYN  
University of Florida College of  
Medicine-Jacksonville  
Medical Director UF Southside  
Women's Health  
Jacksonville, FL

## Learning Objectives:

1. Distinguish the safety profile of transdermal vs. oral estrogen therapy
2. Outline non-hormonal treatment of vasomotor symptoms
3. Analyze differences in safety profile related to age at hormone therapy initiation

**2:45 pm – 3:30 pm Ballroom III**  
**MANAGEMENT OF WOMEN WITH  
A PELVIC MASS: UPDATE 2016**

**John P. Curtin, MD, FACOG**  
Professor, Department of OB/GYN  
Assoc. Director, Academic Affairs  
and Education NYU Cancer Institute  
NYU School of Medicine  
New York, NY

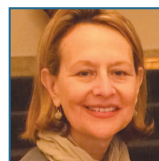

## Learning Objectives:

1. Discuss choice of imaging studies
2. Review when serum tumor markers are indicated
3. Distinguish the indications for surgery

**2:00 pm – 3:30 pm Ballroom IV**  
**VACUUM-ASSISTED DELIVERY LECTURE AND  
SIMULATION (30 MIN LECTURE/1HR SIMULATION)**

**Raymond Sandler, MD, FACOG**  
Associate Professor  
Obstetrics, Gynecology and  
Reproductive Science  
Mount Sinai Medical Center  
New York, NY

**Loraine O'Neill, RN, MPH**  
System Chief Patient Safety Officer  
Department of OB/GYN  
Mount Sinai Medical Center  
New York, NY

## Learning Objectives:

1. Identify the correct application at the flexion point
2. Demonstrate the techniques of delivery using a vacuum
3. List 3 essential elements when recording a vacuum assisted delivery note

**With Assistance From:**

**Frederick Friedman, MD**  
**Maria Mella, MD**

### 3:30 pm – 4:00 pm — ICE CREAM BREAK IN EXHIBIT HALL

Rejuvenate with a cup of coffee, indulge in an ice cream snack, and explore the exhibit hall, or view a Product Theater “mini” session. There is so much to see in this bustling marketplace!

## CONCURRENT SESSIONS

### 4:00 pm – 5:00 pm **Ballroom III** VAGINAL HEALTH PANEL

#### **Christine Herde, MD, FACOG**

Vice Chair  
Department of OB/GYN  
CareMount Medical  
Mount Kisco, NY

#### **Maura Reinblatt, MD, FACS**

Mount Sinai Doctors New York  
Group for Plastic Surgery  
Assistant Professor  
Department of Surgery  
Icahn School of Medicine at  
Mount Sinai  
New York, NY

#### **Learning Objectives:**

1. Review the etiologies of vulvar conditions through the life course
2. Determine the role of physical therapy to improve patient well-being and outcomes
3. Develop a better awareness of resources available to the patient in your area

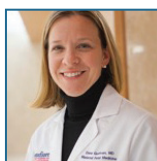

### 4:00 pm – 5:30 pm **Ballroom V** OBSTETRIC SIMULATION: MEASURING CUMULATIVE BLOOD LOSS

This activity is an obstetric simulation that will allow learners to measure cumulative blood loss for vaginal and cesarean births.

#### **Peter Bernstein, MD, MPH, FACOG**

Professor of Clinical Obstetrics &  
Gynecology and Women's Health  
Albert Einstein College of Medicine  
Montefiore Medical Center  
Bronx, NY

#### **Dena Goffman, MD, FACOG**

Associate Professor  
Department of OB/GYN  
Columbia University Medical Center  
Associate Chief Quality Officer  
NewYork-Presbyterian Hospital  
Morgan Stanley Children's Hospital &  
Sloane Hospital for Women  
New York, NY

#### **WITH ASSISTANCE FROM:**

**Debra Bingham, DrPH, RN, FAAN**  
**Komal Bajaj, MD, MS-HPed, FACOG**  
**Beth McGovern, MSN, RNC-OB, CHSE**  
**Colleen A. Lee MS, RN**

#### **Learning Objectives:**

1. Describe national recommendations to measure cumulative blood loss
2. Identify best practices for measuring blood loss based on mode of birth
3. Identify methods to utilize blood loss measurements for determining the stage of hemorrhage and the treatment plan

### 5:30 pm – 6:30 pm **Ballroom I & II** WELCOME RECEPTION

Grab some refreshments and toast to the 2016 Annual District II Meeting. Our Welcome Reception is the perfect end to a fulfilling day of education and learning. Enjoy hors d'oeuvres as you meet familiar faces and make new connections while experiencing the elegant atmosphere of the Grand Hyatt.

### 7:00 pm – 9:00 pm DISTRICT II'S ANNUAL CELEBRATION DINNER

Dine with colleagues, faculty, and ACOG leaders at an amazing five-star restaurant, in the heart of New York City, Aretsky's Patroon. Tickets must be purchased in advance.

# SATURDAY, OCTOBER 22, 2016

## WELCOME TO THE JUNIOR FELLOW/MEDICAL STUDENT PROGRAM

### Conference & Ballroom Levels

Be sure you're part of this year's sensational full-day Junior Fellow/Medical Student Program. This extraordinary program begins with an Advisory Council Breakfast Meeting, includes roundtables, research contests, lectures, and simulations throughout the day.

### 7:00 am – 9:30 am Imperial, Conference Level JUNIOR FELLOW/MEDICAL STUDENT ADVISORY COUNCIL BREAKFAST MEETING

### 9:30 am – 10:30 am Imperial, Conference Level YOUNG PHYSICIAN & JUNIOR FELLOW/MEDICAL STUDENT MENTORSHIP & ROUNDTABLE DISCUSSIONS

### 10:15 am – 11:00 am Ballroom II MARTIN L. STONE, MD RESEARCH DAY POSTER SESSION

### 3:00 pm – 3:30 pm Ballroom III, Ballroom Level IFFATH ABBASI HOSKINS, MD JUNIOR FELLOW RESEARCH DAY ORAL PRESENTATIONS

### 3:45 pm – 5:00 pm Imperial, Conference Level SKILLS LABS: MEDICAL STUDENT HANDS-ON EXPERIENCE

### 7:30 am – 8:30 am BREAKFAST IN EXHIBIT HALL

### 8:30 am – 10:30 am Edison/Wintergarden NEXPLANON® CERTIFICATION WORKSHOP (LIMITED SPACE AVAILABLE/REGISTRATION REQUIRED)

This clinical training program for NEXPLANON® is offered to all eligible health care providers in this live 2-hour, hands-on workshop. You will work together with a certified trainer and will be provided with a take home kit including test arms, placebo rods, and insertion/removal videos.

### 8:30 am – 11:00 am

### MARTIN L. STONE, MD RESEARCH DAY POSTER SESSION OPEN

As part of the Iffath Abbasi Hoskins, MD Junior Fellow Research Day Contest, this session provides the opportunity for District II Junior Fellows to showcase their research projects. Posters will be prominently displayed in the bustling Exhibit Hall and judged by the Junior Fellow Task Force on Awards. A monetary prize will be awarded to the winner.

### 8:30 am – 8:45 am Ballroom III PROGRAM ANNOUNCEMENTS

### 8:45 am – 9:30 am Ballroom III NEONATAL ENCEPHALOPATHY: A NEW PERSPECTIVE

#### Mary E. D'Alton, MD, FACOG

Willard C. Rappleye Professor and Chair, Department of OB/GYN  
Columbia University Medical Center/  
New York-Presbyterian Hospital  
New York, NY

#### Learning Objectives:

1. Identify neonatal signs consistent with an acute peripartum or intrapartum event
2. Determine type and timing of contributing factors that are consistent with an acute peripartum or intrapartum event
3. Discuss a root cause analysis (RCA) that will assist teams in the evaluation of newborns with encephalopathy and to help define both the cause and timing of NE

### IFFATH ABBASI HOSKINS, MD LECTURE

### 9:30 am – 10:15 am Ballroom III MANAGEMENT OF THE SHORT CERVIX: VAGINAL PROGESTERONE, CERCLAGE OR A PESSARY?

#### Roberto Romero, MD, D.Med.Sci., FACOG

Senior Investigator  
Perinatology Research Branch  
Perinatal Research and Obstetrics  
Division of Intramural Research  
NICHD/NIH  
Detroit, MI

### 10:15 am – 11:00 am — BREAK IN EXHIBIT HALL Ballroom I

**CONCURRENT SESSIONS****11:00 am – 12:30 pm****OPERATIVE IN-OFFICE HYSTEROSCOPY (LECTURE)  
ENDOMETRIAL ABLATION (SIMULATION)****Ballroom V**

Utilization of hysteroscopy in the office setting provides considerable benefits in patient management, patient convenience, and fiscal stability. This session will provide details regarding establishing office hysteroscopy as a component of your practice, including equipment, office flow, and patient safety elements. The lab will focus on endometrial ablation in a simulation model.

**Ted L. Anderson, MD, PhD,  
FACOG, FACS**

Division Director, Gynecology  
Professor, Obstetrics and Gynecology  
Betty and Lonnie S. Burnett Chair,  
Obstetrics and Gynecology  
Vanderbilt University Medical Center  
Nashville, TN

**Learning Objectives:**

1. Enumerate the utility of office hysteroscopy in patient care
2. List the clinical applications of office hysteroscopy
3. Outline measures required for safe office hysteroscopy

**HOW TO PERFORM A VAGINAL SCAN: THE  
CORRECT WAY TO MEASURE CERVICAL LENGTH  
(LECTURE/SIMULATION)****Ballroom IV**

This session will review the steps for obtaining optimal images and measuring cervical length via discussion and live demonstration. The audience will be invited to participate in image review of adequate and inadequate examples. At the end, there will be an opportunity to practice CL measurement with simulators.

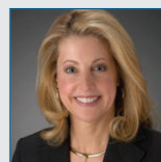

**Helen M. Feltovich, MD, FACOG**

Intermountain Healthcare  
Adjunct Assistant Professor  
Department of OB/GYN  
University of Utah School of Medicine  
Provo, UT

**Learning Objectives:**

1. Describe the rationale behind measuring the cervix
2. Enumerate the 9 criteria for CL measurement and be able to identify adequate vs inadequate images
3. Develop practical competence in CL measurement

**When you attend this lecture and simulation, you will not only complete the didactic component of your CLEAR certification, but The Perinatal Quality Foundation is also offering a \$50 discount off your CLEAR credentialing.**

**12:30 pm – 1:30 pm — LUNCH ON YOUR OWN – SEE PG. 20 FOR OPTIONS****1:30 pm – 2:15 pm Ballroom III****THE FUTURE OF PAYMENT POLICY: MACRA, MIPS, APMS, BUNDLES**

**Barbara S. Levy, MD, FACOG**

Vice President, Health Policy  
American Congress of Obstetricians and Gynecologists  
Washington, DC

**Learning Objectives:**

1. Determine recent changes to physician payment
2. Interpret how the new payment structure will impact their ob-gyn practice
3. Appraise anticipated future regulations regarding physician payment

# SATURDAY, OCTOBER 22, 2016

## CONCURRENT SESSIONS

2:15 pm – 3:00 pm

### NEW OPTIONS FOR FETAL MONITORING CREDENTIALING AND THE NEED TO DO IT

#### Ballroom II

#### Mary E. D'Alton, MD, FACOG

Willard C. Rappleye Professor  
and Chair, Department of OB/GYN  
Columbia University Medical Center/  
New York-Presbyterian Hospital  
New York, NY

#### Learning Objectives:

1. Review the background of fetal heart rate monitoring
2. Assess the necessity of a credentialing exam
3. Describe the Perinatal Quality Foundation's efforts in the development and implementation of an exam

### MARTIN L. STONE, MD LECTURE

### OPPORTUNISTIC SALPINGECTOMY VS. TUBAL LIGATION IN THE OB PATIENT: YES OR NO?

#### Ballroom III

#### Eva Chalas, MD, FACOG, FACS

Professor and Vice Chair,  
Department of OB/GYN  
Winthrop University Hospital  
Mineola, NY

#### Christine Herde, MD, FACOG

Vice Chair  
Department of OB/GYN  
CareMount Medical  
Mount Kisco, NY

#### Learning Objectives:

1. Interpret the literature on the potential connection between salpingectomy and ovarian carcinoma
2. Analyze the risks of salpingectomy at the time of cesarean section
3. Develop a personal approach to decision making/informed consent for the patient

## 3:00 pm – 3:30 pm — FINAL BREAK IN EXHIBIT HALL

### 3:00 pm – 3:30 pm

#### IFFATH ABBASI HOSKINS, MD RESEARCH DAY – ORAL PRESENTATIONS Ballroom III

The Junior Fellow Research Day Contest is held each year during the Annual Meeting. The authors of the top two scoring abstracts, as determined by the Junior Fellow Task Force on Awards, are invited to present their research, and the finalist is awarded a travel stipend to the 2017 Annual Clinical Meeting in San Diego which is sponsored by the John Burch Endowment Fund.

#### DONALD F. RICHARDSON MEMORIAL PRIZE PAPER AWARD Ballroom III

The District's finalist in ACOG's Donald F. Richardson Memorial Prize Paper Award will present to meeting attendees.

## CONCURRENT SESSIONS

### 3:30 pm – 5:00 pm **Ballroom IV** DIAGNOSIS OF MISCARRIAGE: THE INTERNATIONAL CONSENSUS CONFERENCE & BEYOND (LECTURE & SIMULATION)

**Tom Bourne, PhD, FRCOG,  
FAiUM (hon).**

Adjunct Professor, Imperial College,  
London  
Visiting Professor, KU Leuven,  
Belgium  
Consultant Gynaecologist, Queen  
Charlotte's and Chelsea Hospital  
London, UK

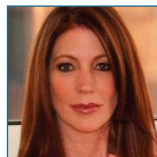

#### Learning Objectives:

1. Identify the reasons why guidance for gestation sac and embryo size to diagnose miscarriage changed
2. Determine what should be seen on repeat scans and when to carry them out to definitively assess viability
3. Demonstrate how to advise women with symptoms in early pregnancy of the likely viability of their pregnancy

ULTRASOUND SIMULATION LED BY:  
**Joanne Stone, MD, FACOG**

WITH ASSISTANCE FROM:  
**Kim Abruzese, RDMS**

### 3:30 pm – 4:15 pm **Ballroom III** NEW TRENDS IN INDUCTION OF LABOR

**Joanne Stone, MD, FACOG**

Director, Maternal Fetal Medicine  
Icahn School of Medicine at  
Mount Sinai  
New York, NY

#### Learning Objectives:

1. Determine the most effective methods for labor induction
2. Associate medical indications for induction of labor
3. Distinguish timing for induction of labor

### 4:15 pm – 5:00 pm **Ballroom III** INCORPORATING ANTENATAL CORTICOSTEROIDS INTO PRACTICE FOR PREGNANCIES AT RISK OF LATE PRETERM DELIVERY

**Cynthia Gyamfi-Bannerman,  
MD, MSc, FACOG**

Ellen Jacobson Levine and Eugene  
Jacobson Associate Professor of  
Women's Health in Ob/Gyn  
Director, Maternal-Fetal Medicine  
Fellowship Program  
Columbia University Medical Center  
New York, NY

#### Learning Objectives:

1. Review the literature relating to late preterm and early term steroids
2. Determine the role of steroids for late preterm pregnancies
3. Assess the management of late preterm complications in light of the new recommendations for steroids

5:00 pm — **ADJOURNMENT**

7:30 am – 8:30 am

**BREAKFAST**

8:30 am

**PROGRAM ANNOUNCEMENTS**

8:45 am – 9:30 am

**WHAT TO DO WHEN THE GOVERNMENT IS  
TELLING YOU TO DO LESS MAMMOGRAMS/PAPS**

**Michael Brodman, MD, FACOG**

Chairman – Department of Obstetrics,  
Gynecology and Reproductive Science  
Mount Sinai Health System  
Ellen and Howard C. Katz Chairman's  
Chair and Professor  
Department of Obstetrics, Gynecology  
and Reproductive Science  
Icahn School of Medicine at  
Mount Sinai  
New York, NY

**Learning Objectives:**

1. Interpret the new Pap test guidelines
2. Analyze the new mammogram guidelines
3. Determine how to aid the practitioner in getting patients to understand and accept these guidelines

9:30 am – 10:15 am

**HCAHPS, CG-CAHPS, AND VALUE-BASED  
PAYMENTS: HOW PATIENT EXPERIENCE  
SURVEY DATA AFFECTS REIMBURSEMENT  
AND PHYSICIAN INCENTIVES**

**Arthur A. Gianelli, MA, MBA, MPH**

President  
Mount Sinai – St. Luke's Hospital  
New York, NY

**Sandra Myerson, MBA, MS, BSN, RN**

System Chief Patient Experience Officer  
Mount Sinai Health System  
The Joseph F. Cullman, Jr. Institute  
for Patient Experience  
New York, NY

**Learning Objectives:**

1. Describe components of CMS' value-based payment program specific to physician communication
2. Determine how patient experience scores affect reimbursement from federal and commercial payers
3. Interpret how one healthcare system is incorporating patient experience survey data into physician payment incentive models

10:15 am – 11:00 am

**RECENT DEVELOPMENTS IN  
INFERTILITY TREATMENT**

**John T. Queenan Jr., MD, FACOG**

Professor  
Department of OB/GYN  
University of Rochester Medical Center  
Rochester, NY

**Learning Objectives:**

1. Illustrate a simplified approach to the infertility workup
2. Identify new developments in terms of genetic screening and the impact this has on pregnancy as well as miscarriage rates
3. Analyze the pros and cons of egg banking

11:00 am – 11:45 am

**MEDICAL LEGAL UPDATE: HOW IT COULD AFFECT  
YOUR HEALTH, YOUR PRACTICE, AND NOT JUST  
YOUR POCKETBOOK**

**Tom Bourne, PhD, FRCOG,  
FAIUM (hon.).**

Adjunct Professor, Imperial College,  
London  
Visiting Professor, KU Leuven,  
Belgium  
Consultant Gynaecologist, Queen  
Charlotte's and Chelsea Hospital

**Learning Objectives:**

1. Determine how complaints investigations impact the mental health of doctors
2. Assess how complaints change the way doctors practice medicine
3. Discover what aspects of complaints investigations are most stressful for clinicians

12:00 pm — **ADJOURNMENT**

# CONTINUING MEDICAL EDU. CREDITS

## ANNUAL DISTRICT II MEETING ACCME ACCREDITATION

### ACCME ACCREDITATION

The American College of Obstetricians and Gynecologists is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

### AMA PRA CATEGORY 1 CREDIT(S)<sup>™</sup>

The American College of Obstetricians and Gynecologists designates this live activity for a maximum of 14 **AMA PRA Category 1 Credits<sup>™</sup>**. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

### COLLEGE COGNATE CREDIT(S)

The American College of Obstetricians and Gynecologists designates this live activity for a maximum of 14 Category 1 College Cognate Credits. The College has a reciprocity agreement with the AMA that allows **AMA PRA Category 1 Credits<sup>™</sup>** to be equivalent to College Cognate Credits.

The following is a daily breakdown of credits awarded each day of the program:

**Friday, October 21 = 4 credits**

**Saturday, October 22 = 7 credits**

**Sunday, October 23 = 3 credits**

## DISCLOSURE OF FACULTY AND INDUSTRY RELATIONSHIPS

In accordance with College policy, all faculty and planning committee members have signed a conflict of interest statement in which they have disclosed any significant financial interests or other relationships with industry relative to topics they will discuss at this program. At the beginning of the program, faculty members are expected to disclose any such information to participants. Such disclosure allows you to evaluate better the objectivity of the information presented in lectures. Please report on your evaluation form any undisclosed conflict of interest you perceive.

## AUDIENCE RESPONSE SYSTEM

Interactivity between presenters and attendees will be enhanced with the use of an electronic audience response system during the general sessions. Each attendee will be given a hand held, wireless remote which is used anonymously to respond to questions posed by the presenter. Audience response not only creates a fun and stimulating learning environment, but it can increase knowledge retention and confirm understanding of key points.

## RECORDING DURING SCIENTIFIC PRESENTATIONS

Audio recording, video recording, and photographic reproductions of material presented at scientific presentations are strictly prohibited for anyone other than those authorized by ACOG District II. Attendees are not permitted to bring audio, video, or photographic equipment into sessions.

## EVALUATIONS

As the accredited provider, the College is required to evaluate each activity it jointly sponsors. Evaluation of the scientific sessions is essential in planning for future programs. Your thoughtful feedback will help identify topics and speakers of greatest interest, and overall meeting quality. Please complete the evaluation form via the Survey Monkey link available at the registration table, during intermissions and on the District II website.

# Did you know...

## Bermuda is less than a 2 hour flight from NYC, and you can get flights as low as \$100 each way

### Know before you go....

---

#### Location

To start with, many people mistakenly believe the island is part of the Caribbean. In fact, we rest hundreds of miles north of the Bahamas in an astoundingly beautiful stretch of the Atlantic, a mere 650 miles (1,046 kilometers) east of North Carolina. Flights from New York and other eastern US cities reach the shores of Bermuda in less than two hours.

#### Currency

Bermuda dollars exchange at the same rate as the US dollar and are accepted interchangeably island wide, but change is almost always given in Bermudian currency unless you ask for US back.

#### Average Temperature

In October, Bermuda's day time average temperature is in the high 70s - low 80s. The minimum evening average temperature is in the low 70s. ([www.weather.bm](http://www.weather.bm))

#### Don't Forget Your Passport

A valid passport is required to travel into Bermuda. The easiest way to obtain a passport is to fill out the required application found on the [travel.state.gov](http://travel.state.gov) website and submit it at your local post office.

#### Bring the Kids

Bring the kids! The Fairmont Southampton has tons of kid friendly activities as well as a kids camp! Located on lobby level of the hotel is the Explorer's Camp Kids Club, a fun, fully-supervised activity program created just for kids. Explorers Camp supervisors are engaging, experienced child-care professionals.

**Make sure to visit the Bermuda Tourism Booth (#39) for more information, and to enter to win a free night at the Fairmont Southampton at next year's meeting, October 6-8, 2017**

## Global Endometrial Ablation:

### Same trusted procedure. Expanded opportunities.

A device that has stood the test of time. Approximately 2.5 million women have had their abnormal uterine bleeding treated with the NovaSure global endometrial ablation procedure. The high patient satisfaction rate is a testament to this reliable, minimally invasive alternative to hysterectomy. Join us to discuss the latest evidence-based clinical data, cost-benefit analysis, and new techniques in pain management for the office setting. You won't want to miss it!

*NovaSure*  
by the numbers:

**14** years of data

**2.5** million patients

**93.7%<sup>1</sup>** satisfaction rate

**Join us for a Lunch Symposium!**

**Saturday, October 22**

**12:30 - 1:30 PM**

**Broadway Room**

**Grand Hyatt, New York**

**Faculty:**

**Cindy M. Basinski, MD, FACOG, FPMRS**

**Basinski & Juran, LLC**

**Newburgh, Indiana**

#### IMPORTANT SAFETY INFORMATION

NovaSure® endometrial ablation is for premenopausal women with heavy periods due to benign causes who are finished childbearing. Pregnancy following the NovaSure procedure can be dangerous. The NovaSure procedure is not for those who have or suspect uterine cancer; have an active genital, urinary or pelvic infection; or an IUD. NovaSure endometrial ablation is not a sterilization procedure. Rare but serious risks include, but are not limited to, thermal injury, perforation and infection. Temporary side effects may include cramping, nausea, vomiting, discharge and spotting. Inform patients to contact you if they experience a possible side effect related to use of this product. For detailed benefit and risk information, please consult the IFU.

This event is neither sponsored nor endorsed by ACOG District II and is not part of the official program.

## WHAT ARE YOU RISKING?

Put your trust in New York's leading medical liability insurer.

There's more to medical liability insurance than base rates. MLMIC offers superior protection with at-cost rates – backed by a commitment to your profession that is unequalled in the industry.

For 40 years, we've been putting our policyholders first in everything we do. We're here for you today. And we'll be here for you tomorrow.

To speak with a MLMIC client specialist,  
call (888) 782-3821.  
Or visit [MLMIC.com](http://MLMIC.com)

## We are the future of health care.

At Kaiser Permanente, we believe in promoting a healthier way of life for both our patients and physicians. As a member of our cross-specialty team, we offer a balanced call and work schedule and an integrated health care system emphasizing collaboration.
