EXHIBIT SPACE COST AND PAYMENT SCHEDULE

COST OF EXHIBIT SPACE

The cost of exhibit space is based on the desired amount of square footage multiplied by the appropriate rate. The square footage rate is based on the applicant's membership affiliation and status. The variation in the association member space rates is to offset the difference in membership dues. The space rates are devised to balance out the monies spent by each different member. If an applicant is a member of more than one organization, they should select the rate that best suits them financially. The rate structure is as follows:

Affiliation	INDOOR (200 SF OR LESS)	INDOOR (201 SF OR MORE)	OUTDOOR
*AEM	\$22.85	\$20.40	\$14.70
NRMCA, NSSGA	\$27.30	\$24.80	\$19.50
Non-Member	\$36.90	\$34.25	\$28.90

*** = An AEM member receives a member discount as a benefit. This discount is capped at \$10 per square foot of exhibit space for every \$1 paid in dues over the three year show cycle (dues will be based on the last 3 years paid). Exhibitors will pay the non-member rate for space exceeding the cap.**

Any international-based member in good standing of the Committee for European Construction Equipment (CECE) or an approved International Government Trade Association is eligible to exhibit in CONEXPO-CON/AGG 2014 under the same conditions as the non-members. In order for an exhibitor to utilize these space rates, the company must exhibit within or through an International Pavilion organized by CECE or an International Trade Association approved by Exhibition Management. Additional Rules & Guidelines for International Pavilion Organizers will be sent to the Official International Pavilion Organizer representative.

SPACE REDUCTION POLICY

- Any company decreasing its space before December 1, 2013 must still pay at least the 25% deposit of the original space, regardless of the new space cost. If the new space cost is less than the original 25% deposit, the exhibitor will not be refunded the difference between the new space cost and the original 25% deposit. Overpayments beyond the 25% will be refunded if the reduction occurs before December 1, 2013.
- Any company reducing its space on or after December 1, 2013 but before February 1, 2014 must still pay at least 50% of the original space cost. Payments above the 50% level will be refunded.
- Any company reducing its space on or after February 1, 2014 will receive no refunds.

CANCELLATION POLICY

Any notice of cancellation of exhibit space by an exhibitor must be made in writing to Exhibition Management. This cancellation policy does not depend upon whether the exhibit space is resold or re-assigned.

- At no time will the deposit (25% of space cost) be refunded to an exhibitor canceling its space.
- Any company canceling its exhibit space before December 1, 2013 automatically loses the initial 25% deposit. The remaining balance paid to CONEXPO-CON/AGG will be refunded.
- Any company canceling its exhibit space on or after December 1, 2013 but before February 1, 2014 will lose 50% of the total cost of exhibit space reserved and the remaining 50% will be refunded.
- Any company canceling its exhibit space on or after February 1, 2014 will not receive any refund due to the late date in which Exhibition Management was informed of the cancellation.

NATURE OF SPACE ASSIGNMENT

The assignment of space to an exhibitor is not to be construed as a leasing of property. It is merely the granting to the exhibitor of a license to enter upon the designated space for the sole purpose of exhibiting products in conformity with these Rules and Regulations and subject to the terms of certain leases between LVCVA as lessors, and Exhibition Management, as lessee, for the period of CONEXPO-CON/AGG 2014.

ASSIGNMENT OF EXHIBIT SPACE

PRIORITY FORMULA

The Priority Formula is used in a number of matters including the assignment of exhibit space. It is as follows:

$$\begin{array}{ccccc} \text{Years of Membership} & & & & \\ \text{X10} & + & \text{Total SF in 2011 Show} & = & \text{PRIORITY} \\ & & 100 & & \text{NUMBER} \end{array}$$

DEFINITION OF MEMBERSHIP NUMBER -- Exhibition Management chooses the company/division with the greatest number of membership years in AEM, NRMCA or NSSGA. An exhibitor must be a current member in good standing of AEM, NRMCA or NSSGA in order to have its years of membership used in calculating the membership number.

DEFINITION OF PAST PARTICIPATION NUMBER -- Exhibition Management uses the total square footage purchased by an exhibitor for CONEXPO-CON/AGG 2011. The total square feet cannot exceed the CONEXPO-CON/AGG 2011 maximum space sizes (40,000 square feet indoor, 50,000 square feet outdoor or 60,000 square feet combined). If a company acquired another company(s), the parent company can use the newly acquired company(s) but cannot exceed the maximum space sizes set from CONEXPO-CON/AGG 2011.

EXHIBIT SPACE ASSIGNMENT PROCESS

Exhibitors who submit applications and deposits prior to **August 15, 2012** will be a part of the Priority Assignment Process. Every attempt will be made to accommodate exhibitor space requests. The first assignment of exhibit space priority will be based on the above mentioned priority formula and the designated product concentration areas.

The first assignment process is as follows: all past CONEXPO-CON/AGG 2011 exhibitors will be assigned by priority number first, all other exhibitors returning their application and 25% by August 15, 2012 will be assigned by priority number second. Applications received after August 15, 2012 will be assigned on a first-come, first-serve basis by Exhibition Management.

No applicant will be allowed to select an exhibit space unless the application is signed and payment has been received based on the following schedule:

- Applications received prior to February 28, 2013 must be accompanied by 25% of the total cost of exhibit space.
- Applications received on or after February 28, 2013, but prior to September 30, 2013 must be accompanied by 50% of the total cost of exhibit space.
- Applications received on or after September 30, 2013 must be accompanied by full payment of exhibit space.

Exhibition Management will make every attempt to accommodate every request for space, including the preferred product concentration area and stand dimensions. Exhibition Management reserves the right to reassign exhibitors at any time during the show planning process. In the event that all of the available space has been assigned, a waiting list for space will be kept. When an opening becomes available, exhibit space will be assigned on the basis of the date the application was received.

EXHIBIT SPACE SIZES

The maximum space sizes are set in order to create a floor plan that will adhere to fire and safety regulations for the city of Las Vegas and the LVCC. The maximum space sizes are set to include the parent company and all of its divisions and subsidiaries. Companies and their divisions/subsidiaries applying for multiple exhibit spaces still may not exceed the maximum limits of 40,000 indoor, 50,000 outdoor or 60,000 combined set by the Exhibit Space & Rules Committee and the Management Board for their space totals.

40,000
INDOOR

50,000
OUTDOOR

60,000
COMBINED

A space size reduction shall not be required for an exhibitor who acquires another exhibiting company within one year (March 4, 2013) prior to the opening of CONEXPO-CON/AGG 2014 (March 4, 2014), even if the combined space size of the exhibitor and the acquired exhibitor exceeds the maximum space sizes stated above.

REMANUFACTURED AND USED EQUIPMENT

Remanufactured equipment and components may be exhibited by the Original Equipment Manufacturer (OEM) of that product or products for the purpose of showing the role of remanufacturing in the OEM's business. Exhibitors may not exhibit in their space any used equipment, except: (1.) remanufactured equipment as explained above, and (2.) equipment produced by the exhibiting company that has a historical theme or background.

SUB-LEASING OF EXHIBIT SPACE

The exhibitor agrees not to reassign, grant, sublease or license the use of space, or any part thereof allotted to them. Exhibitors are not permitted to display separately in their space any equipment, components or products built by non-exhibiting manufacturers or other non-qualifying divisions of exhibiting manufacturers (hereafter “non-exhibiting manufacturers”), unless the space shared is with a member in good standing of one of the principal sponsoring organizations.

If a component made by a non-exhibiting manufacturer is normally furnished as an integral part of the equipment being exhibited, the exhibitor of the equipment may include the component but cannot call any special attention to it. If equipment made by a non-exhibiting manufacturer is normally furnished as an integral part of the component being exhibited, the exhibitor of the component may include the equipment but cannot call special attention to it. In either case, the exhibitor shall pay the non-member space rate for that portion of the exhibit space occupied by the non-exhibiting manufacturer’s product, except if the non-exhibiting manufacturer’s equipment product occupies 50% or more of the exhibit space, then the non-member space rate will be charged for the entire exhibit space.

SHARED EXHIBIT SPACE

Exhibitors must notify Exhibition Management of their intent to share their allocated space. If an exhibitor does not notify Exhibition Management, Exhibition Management will take action described under the “Penalties for Violation of Exhibition Rules” section on page 23-24.

EXHIBITS

Exhibits are permitted only in the official exhibit areas of the CONEXPO-CON/AGG 2014 Exhibition.

NO HOTEL EXHIBITS

The Las Vegas hotels have entered into signed agreements with Exhibition Management not to: (1.) rent or assign any public space, or sleeping rooms for exhibit purposes at any time during the official Exhibition days of CONEXPO-CON/AGG 2014 unless the suites are part of the Official Exhibit Suite Program; nor (2.) permit the use of any public space, or sleeping rooms for entertainment purposes or press conferences during the hours of the official Exhibition days.

NO OTHER EXHIBITS

CONEXPO-CON/AGG exhibitors will not exhibit or participate in any exhibit within 100 miles of Las Vegas during the period of the Exhibition (Tuesday, March 4 through Saturday, March 8). CONEXPO-CON/AGG exhibitors shall not conduct any auctions or sales events within 100 miles of Las Vegas during Exhibition hours.

STORAGE AND PACKING MATERIALS

The storage of packing boxes, crates, etc. for the duration of the Exhibition is included in the space rates. Proper identification tags will be available at the Contractor Service Desks. Two of these tags must be attached to each piece to be placed in storage. All flammable packing materials such as paper, straw, etc. must be totally enclosed in containers. Materials not complying with these requirements will be considered refuse and disposed of by the cleaners.

Exhibition Management will have the final decision in such instances.
6. EAC who provide installation and dismantling services will be sent the proper information from the Exhibitor Services Manual upon receipt of request by the authorizing exhibitor.

In performing work for their clients, the EAC shall cooperate fully with the Official Contractors and shall comply with existing labor regulations or contracts as determined by the commitments made and obligations assumed by Exhibition Management in any contracts with the Official Contractors. Failure to comply with these regulations will result in refusal or loss of authorization to perform services and immediate removal from the Exhibit site.

Exhibition Management has entered into an agreement with Exhibitor Appointed Contractor's Association (EACA) to screen and vet all Exhibitor Appointed Contractors. Information on registering Exhibitor Appointed Contractors will be available in the Exhibitor Services Manual.

The LVCVA requires Exhibitor Appointed Contractors to abide by certain guidelines and regulations. These regulations are detailed as an attachment to the Exhibition rules & regulations.

WORK RULES: EXHIBIT INSTALLATION, OPERATION AND DISMANTLING

All work involved in the erection and dismantling of exhibits or the movement of freight in the LVCC is under the official contractor's jurisdiction. Exhibitor appointed contractor services will be limited to the erection, dismantle, and preparation of "display" materials only. Labor and/or services for the installation and dismantling of "products" to be displayed by exhibitors must be contracted from the Official Contractor designated by Exhibition Management for that service. Exhibitors are expected to comply with the official contractor's union requirements in effect at the LVCC.

In the interest of the exhibitors, Exhibition Management has selected certain firms as official contractors for such services as cartage and handling of exhibit shipments; rental of furniture and other stand equipment, decorations, signs, flowers, etc. All service contractors selected by Exhibition Management employ appropriate union personnel. Exhibitors must use the Official Contractor for drayage and rigging, hanging truss, electrical, plumbing, custom cleaning (please refer to the Exhibitor Appointed Contractors section of the rules on page 9-11 for details) and food service.

For other services, exhibitors desiring to use contractors other than those officially appointed by Exhibition Management should refer to the Exhibitor Appointed Contractors section.

GRATUITIES TO EXHIBIT LABOR

Exhibition Management and Exhibition contractors have established a strict "no tipping" rule. Exhibitors must observe this rule during the entire period of the exhibition, from the commencement of installation until the completion of dismantling. This rule provides that no exhibitor, or representative of an exhibitor, may give any amount of gratuities, tips or gifts of any kind to workers, foremen or anyone else connected with the hauling of equipment or setting up or removal of the exhibit for any reason whatsoever. Any infractions should be reported to Exhibition Management or a floor manager immediately. The official contractor has agreed to refuse acceptance of any time card to which a tip has been added. There will be no gratuities included on any drayage invoices.

Any exhibitor who pays gratuities to labor is acting not only against their own interest, but against the interest of the Exhibition. Any exhibitor who is solicited for a gratuity should report such solicitation immediately either to Exhibition Management or to an official with the Official Contractor.

BUILDING & OPERATING YOUR STAND – ALL EXHIBITS

DEFACING OF BUILDING OR EXHIBIT FACILITIES

Each exhibitor is liable for any defacing or damage from their own acts to the exhibit building or exhibit facilities. Painting of the floor in exhibit spaces will not be permitted, and no floor coverings may be attached or adhered (except carpet tape) in any manner whatsoever without the written consent of the LVCVA. Exhibition Management will charge exhibitors for any damage.

EXHIBIT DESIGN AND USE OF EXHIBIT SPACE

These rules and regulations are designed to allow each exhibitor the opportunity to maximize the use of its space without infringing on the ability of the surrounding exhibitors to maximize use of their space.

No portion of a machine, product or display piece may extend beyond the boundaries of the exhibitor's assigned exhibit space. All machinery and equipment must be set back at least 6 inches from all aisle ways for safety purposes. The only exception to this rule will be for tower cranes and fixed angle cranes with towers over 100 feet in height. Due to the nature of the booms, only these products will be allowed to extend beyond the exhibitor's assigned exhibit space with the following guidelines and limitations and in accordance with federal, state and local OSHA laws and regulations:

1. Only at the point of 100 feet in height or higher can the boom begin to extend out of the exhibit area.
2. At least 50% of the boom with a tower over 100 feet in height must be within the confines of the assigned exhibit space.

3. Exhibitors must submit a foot print of the machine extending beyond the exhibit area, including the boom height, length and position to Exhibition Management **no later than December 1, 2013**.
4. Exhibitors must include a detailed plan for handling the machine in the event of high winds or other environmental factors that require the boom to free swing or be brought down.
5. Exhibitors in exhibit areas affected by the boom will be notified by Exhibition Management of the boom extensions in their stand.
6. Exhibition Management reserves the right to limit an exhibitor from placing crane booms outside of the exhibit for safety reasons.

Due to regulations set by OSHA, manufacturers of tower cranes will be required to furnish OSHA with official site plans. Exhibition Management will work with these manufacturers, OSHA and the Official Craning and Rigging Contractor to ensure that all of the proper information is sent to OSHA.

ANY DEMONSTRATION OR ACTIVITY THAT RESULTS IN EXCESSIVE OBSTRUCTION OF AISLES OR PREVENTS READY ACCESS TO A NEARBY EXHIBITOR'S STAND SHALL BE SUSPENDED FOR ANY PERIOD SPECIFIED BY EXHIBITION MANAGEMENT.

INFLATABLE OBJECTS

Helium filled balloons and other inflatable objects are permitted in outdoor spaces or within the height restrictions indoor as long as the objects are within the confines of the assigned space. No hot air balloons will be permitted. Exhibition Management and the Customer Account Manager at the LVCC must approve the use of balloons. Balloons must be at least 36" in diameter and must be tethered. Balloons cannot be used as a giveaway.

Helium gas cylinders for refilling must be secured in an upright position on safety stands with the regulators and gauges protected from damage. Overnight storage of helium or compressed air cylinders in the building is prohibited.

LANDSCAPING MATERIALS

Exhibitors are required to remove and dispose of all landscaping materials (including but not limited to sand, stone, gravel, dirt, mulch, railroad ties, carpet, exhibit materials, etc.) placed in their exhibit stands. Exhibitors shall be responsible for supervising the actions of employees, visitors or spectators testing display equipment located in their exhibit area. Exhibitors must make every effort to respond to neighboring exhibitors' complaints concerning noise, sound and/or vibration nuisances.

Exhibition Management will intervene if necessary, and reserves the right to shut down exhibits deemed objectionable by Exhibition Management. Floor managers in each Exhibition location will rove through the exhibit areas monitoring the decibel level during Exhibition hours. Exhibition Management recommends noise levels not to exceed 85 decibels. Measurements will be taken at a distance no greater than 10' from the offending display.

1. **First Warning** -- The exhibitor shall be issued a written warning indicating a violation has occurred and instructing the exhibitor to immediately lower the noise level.

2. **Second Warning** -- The source of the noise shall be shut off for a maximum of one hour.
3. **Third Warning Final** -- The source of the noise shall be shut off for the remainder of the Exhibition. There will be no refund, in whole or in part, of any exhibit fees.

DUST CONTROL

Exhibitors who demonstrate equipment using aggregates, concrete or any type of material that generates dust or debris are required to take precautions to eliminate dust generation. In addition, exhibitors need to properly contain all materials (including dust prevention materials) within the assigned exhibit space.

Exhibition Management recognizes floor plan modification can happen during show planning, however these modifications can impact neighboring exhibitors. Any modifications to the approved floor plan made prior to the show installation by the exhibitor or their appointed contractor must be re-submitted for approval by Exhibition Management. Any

modifications to the approved floor plan made onsite during show installation must be approved by Exhibition Management prior to implementing the change. Modifications made without the consent of Exhibition Management may be denied and any costs incurred are at the expense of the exhibitor.

OPERATING EQUIPMENT IN OUTDOOR AREAS

Operating equipment must be confined to the space assigned to the exhibitor.

The pavement is an asphalt surface and the recommended load limit from LVCVA is 250 pounds per square foot. Any piece of equipment that is over 250 pounds per square foot should be trench plated and the Facilities Department at LVCVA must be notified prior to the installation of the equipment. The equipment cannot break into the surface unless written permission is received from LVCVA and Exhibition Management.

Anchoring equipment into the surface of the pavement is permitted; however, approval from LVCVA is required and the area must be restored to its original condition at the expense of the exhibitor at the conclusion of the Exhibition. However, drilling and/or anchoring into the concrete portions of the lots is not permitted by LVCVA.

Companies demonstrating their equipment in action are permitted to build up the interior of the exhibit area with sand, gravel, stones, etc.; however, the material must be enclosed with railroad ties, concrete block walls, etc., to retain the material inside the stand area. For details on using Landscaping Materials, please review the Rules & Regulations on page 12.

Gasoline and diesel engines can be operated outdoors only and there is no restriction on the height of equipment being demonstrated as long as the exhibitor's equipment remains inside the perimeter of their space, or in the case of tower and luffing cranes, the agreed upon designated area.

There are no utilities other than electrical in the outdoor exhibit areas. Exhibitors must arrange for utilities required at their own expense.

Any exhibit with "motion" must be adequately safeguarded.

All other Rules and Regulations, not contrary to the foregoing, apply to outdoor operating exhibits.

OUTDOOR EXHIBITS

All Rules and Regulations approved by Exhibition Management shall be applicable to outdoor exhibits except that part pertaining to height restrictions of exhibit materials explained in the "Exhibit Design and Use of Exhibit Space" section on page 11-12. Exhibitors using outdoor space may erect temporary shelters for protection from the elements. All expenses associated with such shelter are to be borne by the exhibitor. However, in order to ensure that all the proper approvals, licenses and permits are obtained, Exhibition Management will designate several exclusive companies to provide outdoor canopies and/or tent structures to exhibitors. These companies will be the only companies allowed on the Exhibition floor to install and dismantle canopies and/or tent structures. If any exhibitor does erect a temporary structure, it must be totally within the confines of the space so allocated. Outdoor exhibits shall be subject to the same Rules and Regulations as specified under "Operating Equipment."

Mobile offices, recreational vehicles or mobile homes are permitted, but cannot be moved from their assigned outdoor space during the Exhibition period or after the installation until the dismantling period.

Overhead canopies or simulated ceilings are also permitted (see Rules & Regulations detailed in the first paragraph). Exhibitors renting or leasing trailers, recreational vehicles, temporary structures or other such structures are prohibited from using the sanitary facilities associated with or a part of the structure or vehicle. Sanitary facilities will be provided by Exhibition Management.

Security personnel, fencing and moderate lighting will be provided in the outdoor area, but the exhibiting company must determine its own security requirements and plan accordingly.

OUTDOOR CANOPIES AND/OR TENT STRUCTURES

All exhibitors placing buildings, mobile offices and/or tents that will be anchored into the surface of the pavement must submit a detailed drawing with the exact placement of the structure to the LVCVA Customer Account Manager for approval **no later than December 1, 2013**. Exhibitors and their appointed contractors must adhere to the TG-65 procedures set by the Clark County Fire Department. These regulations will be sent to all outdoor exhibitors. The LVCVA fire and safety regulations are included as an attachment to the Exhibition rules and regulations.

ADMISSION TO EXHIBITS

REGISTRATION

Anyone attending the Exhibition will be required to register and agree to comply with the Exhibition Rules. Exhibitors who have been assigned exhibit space for the Exhibition will be required to submit a registration form, which will be included in the Exhibitor Services Manual. We strongly recommend that all exhibiting personnel register in advance of the Exhibition. Additional information will be provided in the Exhibitor Services Manual.

ADMISSION TO THE EXHIBITS

Admission to the Exhibition floor will be by badge only. Adequate precautions will be taken to ensure that only authorized persons are admitted to the exhibit area.

During the installation and dismantle periods, only Exhibition Management and their official agents, exhibitors and contractors appointed by exhibitors (Exhibitor Appointed Contractors (EAC), with "Work Passes" (for the purpose of erecting or dismantling display material), will be allowed on the floor. Information will be included in the Exhibitor Services Manual to assist in the registration of exhibitor staff and exhibitor appointed contractors/independent service contractors involved in the installation and dismantling process.

Attendee registration badges will not provide access to the exhibit areas during non-Exhibition hours. If an exhibitor wishes to have any dealers or customers in their stand during non-Exhibition hours, permission must be received in writing, in advance from Exhibition Management. Permission granted for such a request will only be valid for the time period of two hours prior to the opening of the Exhibition and two hours after the closing of the Exhibition.

BADGES & WORK PASSES

Exhibitors and their employees and all non-official contractors will be required to wear work passes throughout the installation/dismantling periods of the Exhibition and Exhibition badges during Official Exhibition Days. This will assist in maintaining security and keeping unwarranted personnel out of the exhibit halls. Exhibition Management shall produce all work passes and badges. Exhibitor work passes and registration badges can be ordered in advance by completing the designated forms in the Exhibitor Services Manual.

EXHIBITOR ADMITTANCE DURING NON-EXHIBITION HOURS
